

Synchronoss Among a Diverse Panel to Discuss the Future of Connected Devices at CES 2011

December 7, 2010

BRIDGEWATER, N.J., Dec 07, 2010 (BUSINESS WIRE) -- Synchronoss Technologies, Inc. (NASDAQ: SNCR) --

NEWS

- Synchronoss selected to participate in the "Smartphones: What's Next?" panel to be held during the 2011 Consumer Electronics Show (CES) in Las Vegas, NV, January 6-9, 2011
- "Smartphones: What's Next" Panel to Discuss the Future of Connected Devices will Feature Speakers from CNET, RIM, HTC and Mozilla
- Synchronoss to demonstrate its powerful mobility customer experience at the 2011 CES

CONTEXT

Connected devices - everything from smartphones and tablets to eReaders and personal navigation systems - are radically changing how people manage their business and personal lifestyles, share experiences, communicate and collaborate. This session will provide an overview of the opportunity for connected devices and the market dynamics surrounding operating systems and standards

The "Smartphones: What's Next" panel will be moderated by CNET and include Synchronoss' [Executive Vice President and Chief Marketing Officer, Omar H. Téllez](#) and senior executives from RIM, HTC, and Mozilla.

QUOTES

"New formats of connected devices with advanced operating systems such as Android and Windows are driving a fresh generation of mobility, and necessitate best-in-class [order management](#), activation and [content transfer and synchronization](#) to enable the most powerful and complete mobility customer experience," said Omar H. Téllez, Executive Vice President and Chief Marketing Officer at Synchronoss Technologies. "While there is an enormous opportunity there are also many challenges related to multi-carrier order processing, management, activation, synchronization and provisioning that need to be addressed in order to enable a powerful experience."
