

Synchronoss Technologies, Inc. Announces Third Quarter 2008 Financial Results

November 5, 2008

• Third quarter revenue of \$26.3 million grew 8% sequentially

• Non-GAAP diluted EPS was \$.11

BRIDGEWATER, N.J.--(BUSINESS WIRE)--Nov. 5, 2008--Synchronoss Technologies, Inc. (Nasdaq: SNCR), the premier provider of on-demand transaction management software to Tier One communication service providers, today announced its financial results for the third quarter 2008.

Stephen G. Waldis, President and Chief Executive Officer of Synchronoss, stated, "The company's revenue returned to sequential growth in the third quarter and we are optimistic that it will do so in our seasonally stronger fourth quarter as well. We are benefiting from the ramping of early stage transaction programs that are being moved over to our platform even though the challenging economic environment has negatively impacted our transaction volumes associated with certain pre-existing programs."

Waldis added, "We continue to expand our relationship with AT&T, at the same time making progress at wireless and cable customers. We are in the early stages of many of these programs and as such the timing of a potential ramp is uncertain, but we are optimistic about our long-term opportunities which are further bolstered by our recent acquisition of Wisor Telecom."

For the third quarter of 2008, Synchronoss reported net revenue of \$26.3 million, an increase compared to \$24.3 million in the previous quarter. Net revenue for the third quarter of 2007 was \$34.5 million. The year-over-year decrease was due primarily to the previously disclosed reduction in revenue related to the Apple iPhone.

Gross profit, including the impact of fair value stock compensation expense, was \$12.8 million in the third quarter of 2008, representing a related gross margin of 49%. Income from operations, in accordance with generally accepted accounting principles ("GAAP"), was \$3.5 million, including \$1.7 million of fair value stock-based compensation expense. Based on an effective tax rate of 42% in the third quarter of 2008, GAAP net income was \$2.3 million and GAAP diluted earnings per share was \$0.07, as compared to \$0.24 in the third quarter of 2007.

Non-GAAP gross profit for the third quarter of 2008 was \$13.1 million, representing a non-GAAP gross margin for the third quarter of 2008 of 50%. Non-GAAP income from operations, which excludes fair value stock-based compensation expense, was \$5.2 million in the third quarter of 2008, representing a non-GAAP operating margin of 20%. Non-GAAP net income in the third quarter was \$3.3 million, leading to non-GAAP diluted earnings per share of \$0.11, compared to \$0.26 in the third quarter of 2007.

A reconciliation of GAAP to non-GAAP results has been provided in the financial statement tables included in this press release. An explanation of these measures is also included below under the heading "Non-GAAP Financial Measures."

Synchronoss had cash, cash equivalents, and marketable securities of \$73.3 million at September 30, 2008, a decrease of \$21.6 million from last quarter due to the acquisition of Wisor Telecom and execution of the company's share repurchase program, partially offset by \$9 million in positive cash flows from operations during the quarter. On a year-to-date basis, Synchronoss generated approximately \$18 million in cash flows from operations.

Lawrence R. Irving, Chief Financial Officer and Treasurer, stated, "We continue to focus on investing in our long-term strategic growth initiatives and putting our platform in place to drive future transaction volumes for new customers and programs. At the same time, we are managing overall expenses carefully in light of the current economic environment with a focus on continuing to drive significant profitability and cash flow. We believe we are positioned well from a long-term perspective based on our differentiated value proposition, tier one customer base, strong balance sheet and proven scalability of our business model."

Other Highlights

-- Business related to AT&T represented 66% of total revenue in the third quarter, compared to 67% in the previous quarter and 78% in the year ago quarter.

-- Business outside of the AT&T relationship generated approximately 34% of total revenue as compared to 33% in the previous quarter and 22% in the year ago quarter.

-- In September, the company announced the acquisition of Wisor Telecom for \$18 million subject to certain purchase price adjustments. The acquisition expands Synchronoss' customer and technology footprint, in particular related to service provider-to-service provider automation. In addition, Wisor Telecom augments the company's global R&D and operations capabilities.

Conference Call Details

In conjunction with this announcement, Synchronoss will host a conference call today, November 5, 2008, at 4:30 p.m. (ET) to discuss the company's financial results. To access this call, dial 866-761-0749 (domestic) or 617-614-2707 (international). The pass code for the call is 32818841. Additionally, a live web cast of the conference call will be available on the "Investor Relations" page on the company's web site www.synchronoss.com.

Following the conference call, a replay will be available at 888-286-8010 (domestic) or 617-801-6888 (international). The replay pass code is 28029788. An archived web cast of this conference call will also be available on the "Investor Relations" page of the company's web site,

www.synchronoss.com.

Non-GAAP Financial Measures

Synchronoss has provided in this release selected financial information that has not been prepared in accordance with GAAP. This information includes historical non-GAAP operating income, net income, effective tax rate, and earnings per share. Synchronoss uses these non-GAAP financial measures internally in analyzing its financial results and believes they are useful to investors, as a supplement to GAAP measures, in evaluating Synchronoss' ongoing operational performance. Synchronoss believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends, and in comparing its financial results with other companies in Synchronoss' industry, many of which present similar non-GAAP financial measures to investors. As noted, the non-GAAP financial results discussed above exclude fair value stock-based compensation expense for the three and nine months ended September 30, 2008.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Investors are encouraged to review the reconciliation of these non-GAAP measures to their most directly comparable GAAP financial measure as detailed above. As previously mentioned, a reconciliation of GAAP to non-GAAP results has been provided in the financial statement tables included in this press release.

About Synchronoss Technologies Inc.

Synchronoss Technologies (NASDAQ: SNCR) is the premier provider of on-demand transaction management software to Tier One communications service providers. Synchronoss enables service providers to drive growth in new and existing markets while delivering an improved customer experience at lower costs. The company's flagship ActivationNow(R) and ConvergenceNow(R) software platforms automate, synchronize and simplify electronic service creation and management of advanced wireline, wireless and IP services across existing networks.
