FOR IMMEDIATE RELEASE**Synchronoss Delays Filing of First Quarter 2017 Earnings and Filing of Form 10-Q**

BRIDGEWATER, N.J.--(BUSINESS WIRE)--May 15, 2017-- Synchronoss Technologies, Inc. (NASDAQ:SNCR) ("Synchronoss" or the "Company"), the leader in mobile cloud innovation for mobile carriers, enterprises, retailers and OEMs around the world, today announced that it will delay its first quarter 2017 earnings release and conference call, as well as the filing of its Quarterly Report on Form 10-Q for the quarter ended March 31, 2017.

As previously reported by the Company, while Synchronoss' new CEO Stephen Waldis and CFO Lawrence Irving have been working diligently to accomplish a timely filing of the Company's Quarterly Report on Form 10-Q for the period ended March 31, 2017, they required additional time to comply with the Company's internal controls and procedures and to review certain aspects of the Company's financial statements and corresponding notes for inclusion in the Form 10-Q. In connection with their review, Messrs. Waldis and Irving, together with the audit committee of the Company's board of directors and with the assistance of accounting and legal advisors, conducted a thorough review of accounting of certain transactions conducted in prior financial periods. This review was preliminarily completed and the results of it were provided to the Company's auditor, Ernst & Young LLP, who suggested additional reviews. The Company is in the process of completing the additional reviews and does not anticipate this delay will be protracted, and will file its Form 10-Q and report its financial results for the first quarter of 2017 following completion of those reviews and the auditor's review.

Synchronoss is committed to the highest standards of transparency and financial reporting and is working diligently to complete this process. The Company does not expect the results of its accounting review or its delayed filing of its Form 10-Q to have any impact on its core business, and looks forward to sharing more details around its first quarter results and outlook as soon as practicable.
