It is important that your shares be represented and voted at the 2019 Annual Meeting. As discussed in the Proxy Statement, voting by proxy does not deprive you of your right to attend the Annual Meeting.

WHETHER OR NOT YOU PLAN TO ATTEND THE 2019 ANNUAL MEETING, WE HOPE YOU WILL VOTE AS SOON AS POSSIBLE. YOU MAY VOTE OVER THE INTERNET, BY TELEPHONE OR BY MAILING A PROXY CARD. VOTING OVER THE INTERNET, BY TELEPHONE OR BY WRITTEN PROXY WILL ENSURE YOUR REPRESENTATION AT THE 2019 ANNUAL MEETING REGARDLESS OF WHETHER OR NOT YOU ATTEND IN PERSON. Ratification of Ernst & Young LLP as Independent Registered Public Accounting Firm

Our Board recommends that stockholders vote to ratify the Audit Committee’s appointment of Ernst & Young LLP, an independent registered public accounting firm, as our Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019.

Advisory Vote on Executive Compensation

Our Board recommends that stockholders vote to approve, on an advisory basis, the compensation paid to our Named Executive Officers (“NEOs”) in 2018, as described in this Proxy Statement. At our 2018 Annual Meeting of Stockholders, our stockholders showed strong support for our executive compensation with 90% of the shares voted in favor of the advisory vote on executive compensation. Although the results of the “say on pay” vote are advisory and not binding, our Board and our Compensation Committee value the opinions of our stockholders and take the results of the say on pay vote in to account when making decisions regarding the compensation of our NEOs. The Compensation Committee of our Board evaluates our executive compensation program each year in an effort to ensure it is in line with our stockholders’ interests.

We encourage stockholders to take into account the significant changes to our executive compensation program that we have made over the last several years in light of the advisory vote including, among other things, adding new metrics to both our short-term and long-term compensation plans, including non-financial metrics to our short-term incentive plan, and meeting with stockholders as part of our annual stockholder outreach program.

Approval of Amendment and Restatement of the Company's 2015 Equity Incentive Plan

Our Board unanimously recommends that stockholders vote to approve the amendment and restatement of our 2015 Equity Incentive Plan (the "**2015 Plan**") to, among other things, increase the aggregate number of shares authorized for issuance under the 2015 Plan. The purpose of this increase in the number of shares available for issuance is to continue to be able to attract, retain and motivate valued executive officers and other employees and certain consultants. Upon stockholder approval, an additional 5,000,000 shares of Common Stock will be reserved for issuance under the 2015 Plan, which will enable us to continue to grant equity awards to our officers, employees and consultants at levels determined by our Board to be necessary to attract, retain and motivate the individuals who will be critical to our Company's success in achieving its business objectives and thereby creating greater value for all our stockholders. Furthermore, we believe that equity compensation aligns the interests of our management and other employees with the interests of our other stockholders. Equity awards are a key component of our incentive compensation program which we believe have been critical in attracting and retaining talented employees and officers, aligning their interests with those of stockholders, and focusing key employees on the long-term growth of our Company.

The Notice of Annual Meeting, this Proxy Statement and accompanying form of proxy card are being made available to you on or about April 22, 2019. This Proxy Statement includes information that we are required to provide to you under rules promulgated by the U.S. Securities and Exchange Commission (the “SEC”) and that is designed to assist you in voting your shares.

Q: What is included in the proxy materials?

A: The proxy materials include:

- This Proxy Statement for the Annual Meeting;

Q: How can I get electronic access to the proxy materials?

A: The Company’s proxy materials are available at <http://materials.proxyvote.com/87157B> and at www.synchronoss.com. Our website address is included for reference only. The

information contained on our website is not incorporated by reference into this Proxy Statement.

You can find directions on how to instruct us to send future proxy materials to you by email at www.proxyvote.com. Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Q: Who can vote at the Annual Meeting?

A: Our voting securities consist of common stock (“**Common Stock**”), of which 42,880,993 shares were outstanding on the record date, and Series A Convertible Participating Perpetual Preferred Stock (the “**Series A Preferred Stock**”), of which 202,256 shares were outstanding on the record date. Holders of our Common Stock and Series A Preferred Stock are entitled to vote at the Annual Meeting in connection with the matters set forth in this Proxy Statement. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at Synchronoss’ principal executive offices at 200 Crossing Boulevard, Bridgewater, New Jersey for the ten-day period prior to the Annual Meeting.

Q: How do I vote at the Annual Meeting?

A: Stockholder of Record: Shares Registered in Your Name

If, on April 10, 2019 your shares were registered in your name with the Company's transfer agent, American Stock Transfer & Trust Company, then you are a stockholder of record and may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy on the Internet or via telephone as instructed below or submit your proxy card to ensure your vote is counted.

If you are a stockholder of record, you may vote in person at the Annual Meeting or by one of the following methods:

- *By Internet* — You may vote by proxy via the Internet at www.proxyvote.com by following the instructions provided in the Notice or the proxy materials, by following the instructions provided in the proxy card.
- *By Telephone* — You may vote by proxy by telephone by following the instructions provided in the Notice or, if you received printed copies of the proxy materials by mail, by calling the toll-free number found on the proxy card.
- *By Mail* — If you request printed copies of the proxy materials by mail, you will receive a proxy card and you may vote by proxy by filling out the proxy card and returning it in the envelope provided.

Please note that the Internet and telephone voting facilities for stockholders of record is available 24 hours a day and will close at 11:59 p.m., Eastern Time on June 4, 2019. The individuals named as proxies will vote your shares in accordance with your instructions.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote. However, please be aware that you

must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, on April 10, 2019 your shares of Common Stock were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you may direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting, provided you have proof of your share ownership (such as a brokerage statement showing that you owned shares as of April 10, 2019) and a form of photo identification. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received instructions for granting proxies with these proxy materials from that organization rather than from the Company. A number of brokers and banks participate in a program provided through Broadridge Financial Services that enables beneficial holders to grant proxies to vote shares via telephone or the Internet. If your shares are held by a broker or bank that participates in the Broadridge program, you may grant a proxy to vote those shares telephonically by calling the telephone number on the instructions received from your broker or bank, or via the Internet at

Broadridge’s website at www.proxyvote.com. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Q: How many votes do I have?

A: Each share of our Common Stock you owned on the record date entitles you to one vote on each matter that is voted on. On an as-converted basis, each share of our Series A Preferred Stock you owned on the record date entitles you to 55.5556 votes per share on each matter that is voted on. However, pursuant to the terms of our Series A Preferred Stock, the current holder thereof and its affiliates will only be entitled to cast an aggregate number of votes equal to 19.99% of the combined voting power of our Common Stock and Series A Preferred Stock (the “**Voting Limitation**”). For further detail, please see the section below entitled “Certain Related Party Transactions — Siris Capital Group — Certificate of Designation of the Series A Preferred Stock.”

Q: What if I do not make specific voting selections?

A: *Stockholder of Record* — If you are a stockholder of record and you:

- Indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board, or
- Sign and return a proxy card without giving specific voting instructions,

then your shares will be voted “**For**” the election of Mohan Gyani as a member of the Company’s Board of Directors, “**For**” the ratification of Ernst & Young LLP as the Company’s independent registered public

accounting firm for its fiscal year ending December 31, 2019, “**For**” the approval of the compensation of the Company’s named executive officers and “**For**” the amendment and restatement of the Company’s 2015 Equity Incentive Plan. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Beneficial Owner — If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on “routine” matters but cannot vote on “non-routine” matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on any matter other than Proposal 2 with respect to your shares. This is generally referred to as a “broker non-vote.”

Q: Can I change my vote after submitting my proxy?

A: Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may change your vote using the Internet or telephone methods described above prior to 11:59 p.m., Eastern Time on June 4, 2019, in which case only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted.
- You may submit another properly completed timely proxy card with a later date.

- You may send a written notice that you are revoking your proxy to the Company's Secretary at 200 Crossing Boulevard, 8th Floor, Bridgewater, New Jersey 08807.
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your previously delivered proxy.

If you are a beneficial owner of your shares and wish to change or revoke your previously delivered proxy, you must contact the broker, bank or other agent holding your shares and follow their instructions for changing your vote.

Q: Who is paying for this proxy solicitation?

A: The Company will pay for the entire cost of soliciting proxies for the Annual Meeting. In addition to the proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. The Company has retained MacKenzie Partners, Inc. to assist in the solicitation of proxies for a fee of \$15,000 plus reimbursement of out-of-pocket expenses. The Company may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials.

Q: Why did I receive a notice regarding the availability of proxy materials on the Internet instead of a full set of proxy materials?

A: In accordance with the rules promulgated by the SEC, we have elected to furnish our proxy materials, including this Proxy Statement and our annual report, primarily via the Internet. Beginning on or about April 22, 2019, we mailed to our stockholders a "Notice of Internet Availability of Proxy Materials" that contains notice of the Annual Meeting and

instructions on how to access our proxy materials on the Internet, how to vote at the meeting and how to request printed copies of the proxy materials and annual report. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained at <http://materials.proxyvote.com/87157B>. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

Q: What does it mean if multiple members of my household are stockholders, but we only received one Notice or full set of proxy materials in the mail?

A: We have adopted a procedure called "householding," which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders at that address. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the proxy materials, stockholders should send their requests to our principal executive offices, Attention: Secretary. Stockholders who hold shares in street name (as described below) may contact their brokerage firm, bank, broker-dealer, or other similar organization to request information about householding.

Q: How are votes counted?

A: Each share of Common Stock is entitled to one vote. On an as-converted basis, each share of our Series A Preferred Stock is entitled to 55.5556 votes, subject to the Voting Limitation. Votes will be counted by the inspector of election appointed for the Annual Meeting. Prior to the Annual Meeting, the inspector will sign an oath to perform his or her duties in an impartial manner and according to the best of his or her ability. The inspector will determine the number of shares represented at the Annual Meeting and the validity of proxies and ballots, count all votes and ballots and perform certain other duties. The determination of the inspector of elections as to the validity of proxies will be final and binding.

Q: What vote is required to approve each proposal?

- Our directors are elected by a plurality of the votes cast at an annual meeting of stockholders, meaning the nominee receiving the most **“For”** votes (among votes properly cast in person or by proxy) will be elected. An instruction to **“Withhold”** authority to vote for a nominee will result in the nominee receiving fewer votes, but will not count as a vote against the nominee. If you do not instruct your broker how to vote with respect to this proposal, your broker may not vote with respect to this proposal. Abstentions and **“broker non-votes”** (i.e., shares held by a broker or nominee that are represented at the Annual Meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary voting power) will have no effect on the election of a nominee.
- Ratification of the appointment by our Board of Directors of Ernst & Young LLP as the Company’s independent registered public accounting firm for our fiscal year ending December 31, 2019, requires a **“For”** vote from the majority of the outstanding shares that are present in person or represented by proxy and cast affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted **“For”** or **“Against”** this proposal and will have no effect on this proposal. Because this proposal is a routine matter, a broker or other nominee may generally vote and therefore no broker non-votes are expected to exist in connection with this proposal.
- The advisory approval of the compensation of the Company’s NEOs as described in this Proxy Statement requires a **“For”** vote from the majority of all of the outstanding shares that are present in person or represented by proxy and cast affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted **“For”** or **“Against”** this proposal and will have no effect on this proposal. Even though your vote is advisory and therefore will not be binding on the Company, our Compensation Committee will review the voting results and take them into consideration when making future executive compensation decisions.
- The amendment and restatement of the Company’s 2015 Equity Incentive Plan requires a **“For”** vote from the majority of the outstanding shares that are present in person or represented by proxy and cast affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted **“For”** or **“Against”** this proposal and will have no effect on this proposal. Because this proposal is a non-routine matter, broker non-votes are expected to exist in connection with this proposal.

- If there are insufficient votes to approve any of the matters, your proxy may be voted by the persons named in the proxy to adjourn the Annual Meeting in order to solicit additional proxies in favor of the approval of such proposal(s). If the Annual Meeting is adjourned for any reason, at any subsequent reconvening of the meeting, your proxy will be voted in the same manner as it would have been voted at the original Annual Meeting unless you revoke or withdraw your proxy. Your proxy may be voted in this manner even though it may have been voted on the same or any other matter at a previous session of the Annual Meeting.

Q: Is my vote confidential?

- A:** Proxies, ballots and voting tabulations are handled on a confidential basis to protect your voting privacy. This information will not be disclosed, except as required by law.

Q: What is the quorum requirement?

- A:** A quorum of stockholders is necessary to hold a valid stockholders meeting. A quorum will be present if a majority of the voting power of all of the Company's outstanding shares is represented by stockholders present at the Annual Meeting in person or by proxy. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other agent) or vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement.

Q: How can I find out the results of the voting at the Annual Meeting?

- A:** Preliminary voting results will be announced at the Annual Meeting. Final voting results will be set forth in a Current Report on Form 8-K to be filed by the Company with the SEC no later than four business days after the Annual Meeting.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON JUNE 5, 2019.

The proxy statement and annual report to stockholders is available at <http://materials.proxyvote.com/87157B>.

Corporate Governance at Synchronoss

CORPORATE GOVERNANCE GUIDELINES

Synchronoss is committed to excellent corporate governance, which we believe helps us to sustain our success and build long-term value for our stockholders. Our Board has adopted Corporate Governance Guidelines (the “**Guidelines**”) that set forth the framework within which our Board can effectively function and govern our affairs. The Guidelines address, among other things, the composition and responsibilities of our Board, director independence, management succession planning and evaluation, access to information, executive sessions, communication with stockholders, target ownership by, and remuneration of, our directors, Board committees and selection of new directors. We have also adopted a Code of Business Conduct (the “**Code**”) that applies to all of our employees, officers (including our principal executive officer, principal financial officer, principal accounting officer, or those serving similar functions) and directors. The Guidelines and Code are available on the Investor Relations section of our website at www.synchronoss.com.

Our Board regularly reviews legal and regulatory requirements, evolving best practices and other developments and may modify, waive, suspend or repeal the Guidelines or Code from time to time as it deems necessary or appropriate in the exercise of our Board’s judgment or in the best interests of our stockholders. If our Board makes any substantive amendments to the Guidelines or the Code, we will promptly disclose the nature of the amendment or waiver on our website to the extent required by applicable law or regulations.

BOARD LEADERSHIP STRUCTURE

Consistent with the Guidelines, our Board believes it is important to retain its flexibility to allocate the responsibilities of our Chief Executive Officer (“**CEO**”) and Chairman of the Board in any way that is in the best interests of our Company based on the circumstances existing at a particular point in time. Our Board believes that it should periodically assess who should serve these roles and whether the offices should be served independently or jointly, and that our Board should not be restricted by any strict policy directive when making these decisions. In addition, our Board continually evaluates its leadership structure to ensure that the Board is structured to address the best interests of our Company and our stockholders as they evolve over time.

Our Board has determined that our Company and our stockholders are best served by having Mr. Waldis, one of our founders, serve as our Executive Chairman of the Board, and Mr. Lurie serve as our CEO and a member of our Board. As CEO, Mr. Lurie is the individual with primary responsibility for managing our day-to-day operations, setting our overall business strategy, and ensuring the successful growth of our business. Mr. Waldis’ in-depth experience as our founder and long-time CEO and Chairman of the Board position him well to serve now as our Executive Chairman of the Board, where he will remain on our Board, assisting on certain sales and business development activities, and providing other consultative support to the CEO, upon his request.

INDEPENDENCE OF OUR BOARD OF DIRECTORS

Each year, as part of our assessment of director independence, our Nominating/Corporate Governance Committee and our full Board conduct a review of the financial and other relationships between each director, or any of their immediate family members, and our Company, our senior management, companies with whom we have business dealings and our independent registered public accounting firm. Our Board also consults with our legal counsel to ensure that its determinations are consistent with all relevant laws and regulations regarding the definition of independence, including those set forth in pertinent listing standards of The Nasdaq Global Market (“**Nasdaq**”), as amended from time to time. Consistent with those considerations, after review of all relevant transactions or relationships, our Board has affirmatively determined that all of our directors are independent directors within the meaning of the applicable Nasdaq listing standards except for Stephen G. Waldis, who serves as our Executive Chairman, and Glenn Lurie, who serves as our CEO. Our independent directors meet in regularly scheduled executive sessions where only independent directors are present. Mr. Cadogan presides over those sessions. There are no family relationships among any of our directors or executive officers.

BOARD OF DIRECTORS OVERSIGHT OF RISK MANAGEMENT

Risk is inherent with every business and how well a business manages risk can ultimately determine its success. We face a number of risks, including risks relating to our operations, strategic direction and intellectual property as more fully discussed under the heading “Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 and our other SEC filings. Assessing and managing risk is the responsibility of our management. Our Board oversees management in the execution of its responsibilities and for assessment of our approach to risk management. An overall review and assessment of risk is inherent in our Board’s consideration of our business plans, strategies and other significant developments. Additionally, our Board regularly reviews various risks arising out of transactions and other matters that are presented to our Board and when making decisions impacting us. At least annually, our Board also reviews and analyzes the strategic and operational risks and opportunities that face our Company as a whole, as well as those related to specific areas of our business.

Our Board delegates the oversight of certain categories of risk affecting our Company to designated Board committees, who report their findings to our full Board. Our Audit Committee is responsible for overseeing our Board’s execution of its risk management oversight responsibility, including discussing guidelines and policies governing the process by which our management and other persons responsible for risk management assess and manage our exposure to major financial risk exposures and the steps management has taken to monitor and control such exposures, based on consultation with our management and independent auditors. Our Audit Committee also annually reviews the audit plan of management, our information technology and cybersecurity risks and mitigation strategies, the domestic and international tax function and treasury operations and conformity with ethics and compliance standards. In addition, our Board has delegated to other Board committees the oversight of risks within their areas of responsibility and expertise. For example, our Compensation Committee oversees the risks associated with our compensation practices, including an annual assessment of our compensation policies and practices for our employees.

BOARD SELF-EVALUATION

Our Nominating/Corporate Governance Committee oversees a biennial self-evaluation process to analyze and review our Board's performance and the performance of each of the members of our Board. Our Nominating/Corporate Governance Committee reviews these results and discusses them with the full Board with the intention of utilizing them to enhance our Board's effectiveness and, if necessary, develop action plans.

STOCKHOLDER COMMUNICATIONS WITH OUR BOARD OF DIRECTORS

Stockholders may communicate with our management and independent directors by sending a letter to Synchronoss Technologies, Inc., 200 Crossing Boulevard, 8th Floor, Bridgewater, New Jersey 08807, Attention: Secretary. Each communication should set forth the (i) name and address of the stockholder as they appear on our books and, if the shares of our Common Stock are held by a broker, bank or other agent, the name and address of the beneficial owner of such shares, and (ii) number of shares of our Common Stock that are owned of record by such record holder and/or beneficially by such beneficial owner. Our Secretary will review all communications from stockholders and has the authority to disregard any inappropriate communications or take other appropriate actions with respect to any inappropriate communications. If deemed an appropriate communication, our Secretary will forward it, depending on the subject matter, to the chairperson of a committee of our Board or a particular director, as appropriate.

In addition to qualifying as independent under the Nasdaq rules, each member of our Audit Committee can read and has a working understanding and comprehension of fundamental financial statements. Our Board has determined that each of Messrs. Moore and Hopkins is an audit committee financial expert, as defined by Item 407(d) of Regulation S-K based on a qualitative assessment of each of their level of knowledge and experience based on a number of factors, including their respective formal education and experience. The designation does not impose on either Mr. Moore or Mr. Hopkins any duties, obligations or liability that are greater than are generally imposed on them as a member of our Audit Committee and our Board, and their respective designations as Audit Committee financial experts pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of our Audit Committee or Board. Our Key Employee Equity Awards Committee acted 13 times in 2018.

In accordance with Nasdaq listing standards, our Compensation Committee, under its charter, may select and retain, and is directly responsible for the appointment, compensation and oversight of, compensation consultants or any other third party to assist in the evaluation of director and officer compensation, as well as any other compensation matters. In addition, our Compensation Committee has the responsibility to consider the independence of these advisers in accordance with applicable law and/or Nasdaq listing standards. Our Compensation Committee has retained Deloitte Consulting LLP (“**Deloitte**”) as its compensation consultant. In 2018, Deloitte did not perform any

services for us other than its services to our Compensation Committee and received no compensation from our Company other than its fees in connection with the firm's retention as our Compensation Committee's compensation consultant. Our Compensation Committee assessed the independence of Deloitte pursuant to applicable SEC rules and Nasdaq listing standards and concluded that the work of Deloitte has not raised any conflict of interest. Our Compensation Committee considers the information provided by Deloitte when making decisions with respect to compensation matters, along with information it receives from management and its own judgment and experience. Representatives of Deloitte generally attend regular Compensation Committee meetings and meet with our Compensation Committee without management present. These factors, along with others considered useful by our Nominating/Corporate Governance Committee, are reviewed in the context of an assessment of the perceived needs of our Board at a particular point in time. As a result, the priorities and emphasis of our Nominating/Corporate Governance Committee and of our Board may change from time to time to take into account changes in our business and other trends and the portfolio of skills and experience of current and prospective directors. DIRECTOR STOCK OWNERSHIP GUIDELINES

We have established stock ownership guidelines for our directors to retain an equity stake in the Company to more closely align their interests with those of our stockholders. Each director is required to own the number of shares of our Common Stock with a value equal to three times the annual cash retainer for service on our Board. Ownership is calculated annually based on the closing sales price of our Common Stock on Nasdaq for the last trading day in the prior year. Any newly elected director has three years from the date of his or her election to achieve the targeted equity ownership level. As of December 31, 2018, each of our then serving directors owned at least the number of shares of our Common Stock required by these guidelines based on the price of our Common Stock on such date.

LIMITATION OF LIABILITY AND INDEMNIFICATION

As permitted by Section 145 of the Delaware General Corporation Law, our amended and restated bylaws provide that we are authorized to (i) enter into indemnification agreements with our directors and officers and (ii) purchase directors' and officers' liability insurance, which we currently maintain to cover our directors and executive officers. The form of indemnification agreement with our directors provides that we will indemnify each director against any and all expenses incurred by that director because of his status as one of our directors, to the fullest extent permitted by Delaware law, our restated certificate of incorporation and amended and restated bylaws. In addition, the form agreement provides that, to the fullest extent permitted by Delaware law, but subject to various exceptions, we will advance all expenses incurred by our directors in connection with a legal proceeding. Our restated certificate of incorporation and bylaws contain provisions relating to the limitation of liability and indemnification of directors. The restated certificate of incorporation provides that our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duty as a director, except for liability:

- for any breach of a director's duty in respect of unlawful (i) payments of dividends or (ii) stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law and the breach of a director's duty of loyalty to us or our stockholders;
- for any transaction from which the director derives any improper personal benefit; and
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law.

Our restated certificate of incorporation also provides that if Delaware law is amended after the approval by our stockholders of our restated certificate of incorporation to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law. The foregoing provisions of the restated certificate of incorporation are not intended to limit the liability of directors or officers for any violation of applicable federal securities laws. As permitted by Section 145 of the Delaware General Corporation Law, our restated certificate of incorporation provides that we may indemnify our directors to the fullest extent permitted by Delaware law and the restated certificate of incorporation provisions relating to indemnity may not be retroactively repealed or modified so as to adversely affect the protection of our directors.

COMPENSATION RISK MANAGEMENT CONSIDERATIONS

Each year, our Compensation Committee reviews our compensation practices and policies for all employees, including our NEOs, and assesses whether they have the potential to incentivize employees without taking risks that are reasonably likely to have a material adverse effect on our Company. Since our annual performance-based bonus and equity programs are designed to align our employees' compensation with both our short- and long-term business objectives and performance, and therefore enhance stockholder value, our Compensation Committee believes that our compensation practices and policies discourage behavior that leads to excessive risk-taking. Therefore, our Compensation Committee believes our practices and policies will promote balanced risk management and are not likely to have a material adverse effect on our Company. Set forth below are the key risk-balancing elements of our compensation practices and policies:

Financial Performance Measures	The ranges set for financial performance measures are designed to reward success without encouraging excessive risk taking. Pursuant to our performance-based equity plan, the number of performance-based restricted cash units or shares to be issued is based on our financial performance over a specific period. There are maximum payouts under our cash incentive plan and the performance-based restricted cash units or shares, which help mitigate risk.
Equity Vesting Periods	Time-based restricted shares typically vest over three years, while stock options typically vest over four years. The performance-based restricted cash units or shares are earned and vest upon determination of the achievement of our performance metrics established for the performance period. The vesting of the equity awards is designed to reward continued service with us, increases in our stock price and achievement of corporate goals designed to enhance stockholder value.
Equity Retention Guidelines	NEOs are required to acquire within five years of becoming an executive officer, and hold while they are executive officers, shares (vested and unvested) having a value of at least three times, or five times in the case of our CEO, their respective base salaries.
No Hedging	Our employees, including our NEOs, are not permitted to enter into any transaction designed to hedge, or having the effect of hedging, the economic risk of owning our securities.
Financial Restatement, Recoupment and Related Policies	As part of our Code of Business Conduct, we will investigate all reported instances of questionable or unethical behavior of a director, NEO or other employee and, where improper behavior or failure to act is found to have occurred, will take appropriate action up to and including termination. If an investigation uncovers that an individual has committed fraud or other improper acts that causes our financial statements to be restated or otherwise affected, our Board has discretion to take immediate and appropriate disciplinary action with respect to that individual up to and including termination. Our Board also has discretion to pursue whatever legal remedies are available to prosecute that individual to the fullest extent of the law and may seek to recoup or recover any amounts he or she inappropriately received as a result of his or her improper actions, including but not limited to any annual or long term incentives that he or she received to the extent the individual would not have received that amount had the improper action not been taken.

Compensation of Executive Officers

Executive Summary

Our executive compensation philosophy and programs are designed to attract, retain and motivate high-quality executives who possess diverse skills and talents required to help us achieve our short and long-term financial and strategic goals. Our executive compensation programs are designed to foster a performance-oriented culture that aligns our executives’ interests with those of our stockholders over the long term. To provide for this alignment of interests, our compensation programs provide that 75.5% of our CEO’s and 64.2% of our NEOs’ targeted compensation is tied to long-term, equity-based incentives. By tying a majority of our NEOs’ targeted compensation to equity-based incentives, our common stock’s value needs to increase in order for our NEOs to realize any value related to our stock options or increase in value related to our restricted shares and our Company needs to hit certain financial and strategic metrics in order for our NEOs to vest in the shares underlying our performance-based restricted shares or cash units. In an effort to further provide for performance-based equity awards, approximately 67.5% of the total 2018 equity grants to each of our NEOs, other than our CEO, are either options to purchase our common stock, restricted shares or cash units subject to performance-based vesting. Accordingly, we believe that the compensation of our NEOs is both appropriate for and responsive to the goal of improving stockholder value, as the majority of each NEO’s compensation is allocated to performance-based incentives.

2018 Compensation Program Highlights

Our executive compensation program is designed to attract, retain and motivate high-quality executives and drive the creation of long-term stockholder value by tying a significant portion of our

executives' compensation to Company and individual performance. Our compensation philosophy and programs are designed to achieve the following objectives:

Pay for Performance	<p>Provide a strong relationship of pay to performance through:</p> <ul style="list-style-type: none"> • Performance-based cash bonus tied primarily to achievement of corporate short-term financial goals and individual performance. • Long term incentive awards that deliver value based on the performance of our Common Stock and the achievement of pre-determined, objective financial and business goals.
Emphasis on Variable Compensation	<ul style="list-style-type: none"> • Total compensation is heavily weighted toward incentive compensation (i.e., annual cash bonuses and long-term equity incentives). • Annual performance-based cash bonuses focus our NEOs on key short-term financial, strategic, and individual goals. • Long-term incentives focus our NEOs on sustainable, long-term stockholder value creation. The value realized by our NEOs depends substantially on our long-term performance, achievement of our financial and strategic goals and the value of our Common Stock, which we believe aligns our NEOs' interests with the long-term interests of our stockholders.
Fixed Compensation Component	<ul style="list-style-type: none"> • Provide base salary based on our Compensation Committee's general understanding of current competitive compensation practices, corporate achievement, our NEO's role and responsibilities, length of tenure, internal pay equity and individual performance.

The following highlights some of the key components of our pay for performance policies and practices:

At-Risk Compensation	A majority of the compensation of our CEO and our other NEOs is "at-risk" and tied to Company performance over the short- and/or long-term.
Incentive Award Metrics	Establish and approve objective incentive award metrics tied to key Company performance indicators.
Performance Long-Term Incentives	The number of performance-based restricted cash units or shares earned is based on our financial performance over a specified period, aligning our NEOs' interests with the long-term interests of our stockholders.
Time-Based Equity Vesting	Equity awards subject to time-based vesting vest ratably over three or four years to promote retention.
Stock Ownership Guidelines	Maintain stock ownership guidelines to support the alignment of interests between our NEOs and stockholders.
No Hedging	Prohibition of hedging exposure of, or interest in, our Common Stock.
No Pledging	Prohibition of pledging our Common Stock.

Our Compensation Committee oversees the design and administration of the compensation of our NEOs and certain other executive officers, with an enhanced focus on the individual compensation of our NEOs. For 2018, our CEO assessed the performance of our NEOs (other than himself), consulted with other members of management, including our Executive Chairman and our compensation consultant, and made recommendations to our Compensation Committee regarding the amount and the form of the compensation of our NEOs and other key employees, including the performance goals,

weighting of goals, and equity compensation awards of our NEOs. Our CEO was not present during discussions regarding his compensation.

2018 Executive Compensation Program

Cash Incentive Compensation

For our NEOs' Annual Cash Incentive Bonuses in 2018, our Compensation Committee approved the following metrics:

- 40% based on non-GAAP revenue for 2018;
- 30% based on non-GAAP EBITDA for 2018;
- 20% based on free cash flow for 2018; and
- 10% based on the specific performance of each NEO as determined by the CEO.

In addition, each NEO had the opportunity to earn another (i) 10% of his or her annual bonus target if our Company entered into at least two Tier 1 partnership agreements with third parties during 2018 and (ii) 10% of his or her annual bonus target if our Company entered into at least two new Cloud, Messaging or Digital customer agreements during 2018 with a guaranteed contract value of at least \$10 million. Our Compensation Committee believes that non-GAAP revenue, non-GAAP EBITDA, free cash flow and entering into large strategic transactions with companies are metrics that accurately value our Company on both a short- and long-term basis and are targeted to emphasize strong growth on gross revenue and managing expenses. Based on the feedback received as part of our stockholder outreach program, several of these are the key metrics many of our stockholders use in their valuation of our Company. As such, our bonus goals for NEOs are focused on growing non-GAAP revenue, non-GAAP EBITDA and free cash flow and entering into large strategic transactions with companies, which we believe is aligned with our stockholders' perspective on our Company's ability to grow and succeed in the short- and long-term.

Long-term Incentive Compensation

Our Compensation Committee awards time-based vesting restricted shares, stock options and performance-based vesting restricted cash units or shares to our NEOs as the long-term incentive compensation component of their compensation, targeting an annual mix of one-third for each of these types of equity awards (based on grant date fair value). The number of stock options, target number of performance-based restricted cash units or shares and number of time-based vesting restricted shares granted to our NEOs is based on our Compensation Committee's general understanding of competitive pay practices, our CEO's recommendations (except for his own equity grants) and other factors it deemed appropriate.

2018-2020 Performance Units

Our 2018 long-term equity incentive plan was designed to reward financial and strategic performance during a three-year period from 2018 through 2020, and the restricted cash units or shares granted under the long-term incentive plan (the "**2018-2020 Performance Units**") are earned and vest based on achievement of pre-determined performance criteria during that period. Our NEOs are required to

remain employed by our Company through February 2021 in order to vest in the cash units or shares, as applicable. Our Compensation Committee approved the following performance metrics for the 2018-2020 Performance Units:

- 40% are earned based on the non-GAAP revenue in the three-year period of 2018 to 2020;
- 40% are earned based on the non-GAAP EBITDA in the three-year period of 2018 to 2020; and
- 20% are earned based on the free cash flow in the three-year period of 2018 to 2020.

2018 Say on Pay Vote

At our 2018 Annual Meeting of Stockholders, approximately 90% of the shares voted were cast in favor of the advisory vote on executive compensation. We continuously strive to improve the level of stockholder support for our executive compensation program and, in 2018, met with several of our largest stockholders and solicited their feedback on our executive compensation policies. We have ongoing dialogue with our stockholders throughout the year on matters related to executive compensation, and our programs reflect feedback provided through these discussions. Our Compensation Committee evaluates our executive compensation program each year with the goal of ensuring it is in line with our stockholders' interests. We encourage stockholders to take into account the continuous changes to our executive compensation program over the last several years in considering the advisory vote presented below including adding new metrics to both our short-term and long-term compensation plans, adding non-financial metrics to our short-term incentive plan and meeting with stockholders as part of our annual stockholder outreach program.

Compensation Consultant

Our Compensation Committee's compensation consultant generally attends regular Compensation Committee meetings and meets with our Compensation Committee without management present. When making decisions with respect to compensation matters and in an effort to gain a better understanding of the competitive landscape, our Compensation Committee considers various analyses prepared by its compensation consultant, along with information it receives from management and its own judgment and experience. Since 2013, our compensation consultant has been Deloitte Consulting LLP ("**Deloitte**").

Peer Group

Our Compensation Committee generally reviews executive compensation survey and proxy data from technology companies that have similar software/services business models or operate in the mobile networking space, are of similar financial size and are representative of the organizations with which we compete with for our executive talent. Our Compensation Committee, based in part on advice from

Deloitte, identified and approved the following companies that fit some or all of these criteria as our peer group for purposes of assisting in benchmarking our 2018 executive compensation decisions:

8x8 Inc.	Guidewire Software Inc.	PegaSystems, Inc.
Blackbaud, Inc.	Imperva, Inc.	Progress Software Corp.
Bottomline Technologies, Inc.	J2 Global, Inc.	Proofpoint Inc.
Broadsoft, Inc.	LogMein, Inc.	RingCentral, Inc.
CommVault Systems, Inc.	Medidata Solutions, Inc.	Shutterstock Inc.
Cornerstone OnDemand Inc.	MicroStrategy, Inc.	The Ultimate Software Group

Our peer group for 2018 executive compensation decisions was updated in 2017 to reflect the acquisition of Fleetmatics Group PLC, Infoblox, Inc., Interactive Intelligence Group, Inc. and NeuStar, Inc. Our Compensation Committee added 8x8 Inc., Imperva, Inc., RingCentral, Inc. and Shutterstock Inc. as peer group companies based on the similarities of their business offerings, financial profile, market capitalization and profitability with those of our Company. As a result of these changes, we believe the peer group utilized for purposes of 2018 executive compensation decisions was representative of companies that we compete with for executive talent. When making compensation decisions for our NEOs, our Compensation Committee also reviews published survey and peer group compensation data for other software/services companies or companies that operate in the mobile networking space. Competitive market practices is an important factor in our Compensation Committee’s decision-making process, although its decisions are not entirely based upon these factors and it is not bound by any target specific compensation levels derived from peer group data. Rather, our Compensation Committee reviews and considers the peer group and other survey data to obtain a general understanding of current competitive compensation practices. Additionally, reviewing the peer group and survey compensation data enables our Compensation Committee to accomplish our goal of paying our NEOs what is appropriate and necessary to attract and retain qualified and committed executives while incentivizing achievement of our corporate goals while conserving cash and equity.

Principal Elements of Compensation

Our executive compensation program has the following principal elements: base salary, annual cash incentive bonuses, long-term incentive awards and severance and change in control benefits. For base salary, annual cash bonuses and long-term incentive awards for our executive officers, our Company's compensation philosophy generally is to evaluate individual experience and contribution, as well as corporate performance, and then consider competitive market analysis. The markets we are serving are narrow and highly competitive for large-scale implementations leveraging unique technologies. With respect to all compensation components, we generally use the median compensation of our peer group and the markets for which we compete for talent as the starting point for the compensation decision making process. We seek to drive our Company to over-perform the market in the long term, and we believe that to ensure an appropriate pay-for-performance alignment, it may be appropriate for our Compensation Committee to approve compensation levels for individual executives that may be above or below target pay for similar positions based on experience, individual contribution and corporate performance. Additionally, our Compensation Committee may exercise discretion to issue one-time equity awards where appropriate to ensure alignment with key strategic business initiatives. The following table describes the primary compensation elements used by our Company and the objectives of each element:

Base Salary	<p>Objective:</p> <p>Our Compensation Committee sets base salaries with the intent to attract and retain NEO, reward satisfactory performance and provide a minimum, fixed level of cash compensation to compensate NEOs for their day-to-day responsibilities.</p> <p>Key Features:</p> <ul style="list-style-type: none">• NEO base salaries are initially determined as a result of negotiation between the executive and our management in consultation with, and subject to the approval of, our Compensation Committee.• Our Compensation Committee reviews base salaries annually and has discretion to provide increases based on our Compensation Committee's understanding of current competitive pay practices, promotions, our CEO's recommendation (except for his own salary), changes in responsibilities and performance, annual budget for increases, our overall financial and operational results, the general economy, length of tenure, internal pay equity and other factors our Compensation Committee deems appropriate. <p>Process:</p> <ul style="list-style-type: none">• At the end of each calendar year, our CEO recommends base salaries for NEOs other than himself for the following calendar year.• Our Compensation Committee reviews proposed base salary changes with input from its compensation consultant.• Our Compensation Committee approves annual base salaries for our NEOs.• Our Compensation Committee reports base salary determinations to our full Board.
--------------------	---

<p>Annual Cash Incentive Bonus</p>	<p>Objective: Annual cash incentive bonuses are awarded under a performance-based compensation program and are designed to align the interests of our NEOs and stockholders by providing compensation based on the achievement of pre-determined corporate and/or business goals and individual performance.</p> <p>Key Features:</p> <ul style="list-style-type: none"> • Each year, the target bonus for each NEO is set by our Compensation Committee based on each NEO’s employment agreement provisions, our CEO’s recommendation (except for his own target), internal pay equity, our Compensation Committee’s general understanding of current competitive pay practices and other factors it deems appropriate. • The incentive compensation for our NEOs is based on achievement of certain objective corporate, financial, strategic and individual goals established and approved by our Compensation Committee at the start of the year. • If we achieve results that are below certain threshold levels, these NEOs receive no cash incentive bonus, while results that are above certain threshold levels result in cash incentive bonuses above target levels. <p>Process:</p> <ul style="list-style-type: none"> • Our Compensation Committee participates in our Board’s review of our annual operating plan in the beginning of the year. • Our CEO recommends bonus targets as a percentage of base salary for each NEO other than himself. • Our management recommends financial and other performance measures, weightings and ranges. • Our Compensation Committee reviews proposed bonus targets, performance measures and ranges provided by management and, with input from its compensation consultant, approves bonus targets, performance measures and ranges that it believes establish appropriately challenging goals. • After the end of the calendar year, our management presents the Company’s financial results to our Board. • Our CEO recommends the individual component award for our NEOs other than himself. • Our Compensation Committee reviews the results and determines whether to make any adjustments to the recommendations and then approves each NEO’s bonus award. • Our Compensation Committee reports bonus award determinations to our full Board.
---	---

<p>Long-Term Incentive Awards</p>	<p>Objectives: Our Compensation Committee structures long-term incentive awards to align our NEOs’ interests with those of our stockholders, support retention and motivate NEOs to achieve our financial, strategic and operational goals. Long-term incentive awards include stock options and time-based vesting and performance-based vesting restricted cash units or shares.</p> <p>Key Features:</p> <ul style="list-style-type: none"> • Our Compensation Committee grants stock options and time-based vesting and performance-based vesting restricted cash units or shares to our NEOs with the grant date fair value based on our Compensation Committee’s general understanding of current competitive pay practices, our CEO’s recommendation (except for his own awards), input from our compensation consultant, internal pay equity, evaluation of each NEO’s performance, and other factors our Compensation Committee deems appropriate. • Our Compensation Committee allocates long-term incentive awards among stock options, time-based vesting restricted shares and performance-based vesting shares or cash units based on grant date fair value (with vesting terms that generally extend up to four years) with the intent to provide NEOs with a balanced retention and performance opportunity and serves to closely align our NEOs’ long-term objectives with those of our stockholders. • In 2018, our Compensation Committee decided to grant performance-based cash units rather than shares (other than to Ms. Clark who received performance-based shares in connection with her new hire grant and Messrs. Clark and Miller who were not granted performance-based awards) and retained the discretion to settle the cash units in either cash or shares of our Common Stock at the time the cash units vest in an effort to protect against potential dilution. Each performance-based cash unit has a target number of cash units to be earned following completion of a specific performance period based on the achievement of certain pre-established Company performance criteria. These performance-based cash units or shares will be earned upon the completion of the specific performance period if the relevant performance criteria are achieved and typically vest based on continued service after a three-year period. At the time that each performance-based cash unit vests, our Compensation Committee has discretion to either (i) pay cash equal to the product of the closing price of our Common Stock on the date the cash units vest or (ii) issue one share of our Common Stock for each performance-based cash unit. Ms. Clark will not receive cash but, if earned, will receive shares of our Common Stock.
--	---

	<p>Process:</p> <ul style="list-style-type: none"> • In the first fiscal quarter, our CEO recommends grant date fair values of awards for executives other than himself. • Our Compensation Committee reviews proposed performance measures and ranges provided by management and competitive market data and, with input from its compensation consultant, approves performance measures and ranges that it believes establish appropriately challenging goals. • Our Compensation Committee approves the number of time-based shares underlying stock options and the target number of time-based restricted shares and performance-based shares or cash units granted to our NEOs. • Our Compensation Committee reports equity award determinations to our full Board. • At the end of the relevant performance period, our Compensation Committee reviews the financial performance of our Company for the relevant performance period and determines the amount of earned shares or cash units that are subject to performance-based vesting.
<p>Severance and Change in Control Benefits</p>	<p>Objective:</p> <p>Severance and change in control benefits are included in each NEO’s employment agreement or employment plan in order to promote stability and continuity of our senior management team in the event of a potential change in control and/or an involuntary termination. Our Compensation Committee believes these provisions help to align our NEO’s interests appropriately with those of our stockholders in these scenarios.</p> <p>Key Features:</p> <ul style="list-style-type: none"> • Events triggering payment require a termination of our NEO’s employment by our Company without cause or by our NEO for good reason. NEOs are entitled to enhanced benefits if the qualifying termination occurs during a specified period following a change in control (i.e., double-trigger). • Change in Control benefits do not include excise tax gross-ups. • Our Compensation Committee has determined these termination-related benefits are appropriate to preserve productivity and encourage retention in the face of potentially disruptive circumstances. These arrangements also include restrictive covenants that help protect our Company from competition and solicitation of employees and customers. • Each NEO will only be eligible to receive severance payments if he or she signs a general release of claims following an eligible termination.

Chief Executive Officer Compensation

In November 2017, we hired Glenn Lurie, a long-term executive at AT&T, as our new CEO, replacing Stephen Waldis. At the time of hiring, Mr. Lurie had several alternative career opportunities based on the competitive landscape and his unique skill set and, as a result, the Board approved a compensation package above the 50th percentile of CEOs at our peer group companies, including a one-time special grant of 1,000,000 stock options with the intent to increase our stockholder value. We believe hiring Mr. Lurie as our CEO was a key move towards moving the Company in the right direction for long-term

growth, and therefore we believe his compensation was commensurate with his experience and contributions he will make towards the Company's future.

Pay Mix

In keeping with our results-driven culture, our Compensation Committee expects our NEOs to deliver superior performance in a sustained fashion and believes that a substantial portion of their overall compensation should be at-risk and tied to our short-term and long-term performance. As shown below, 75.5% of our CEO's targeted compensation and an average of 64.2% of the average targeted compensation of our other NEOs for 2018 was tied to long-term incentives.

2018 Compensation Decisions

In determining the criteria for our NEOs' incentive compensation, our Compensation Committee considers a variety of factors, including alignment of our NEOs' compensation with our stockholders' returns, and from time to time may adjust these factors or performance metrics based on our Company's transactions or the occurrence of unknown or unexpected events during the applicable measurement period. On the corporate level, our Compensation Committee selected non-GAAP revenue, non-GAAP EBITDA and free cash flow and our entering into strategic agreements, metrics that our Compensation Committee believes appropriately value our Company on both a short- and long-term basis and are targeted to emphasize strong growth on gross revenue while also managing our earnings per share. Based on feedback received as part of our stockholder outreach program, several of these are also the key metrics we believe our stockholders use in their valuation of our Company. As a result, our NEOs are focused on growing non-GAAP revenue, non-GAAP EBITDA and free cash flow and entering into strategic agreements, which we believe is aligned with our stockholders' perspective on our Company's ability to grow and succeed on the short- and long-term.

Base Salary

Base salaries for our NEOs are reviewed and may be adjusted annually. Base salary may also be adjusted during the year upon promotion or based on internal equity or external market conditions. Our Compensation Committee makes these decisions after reviewing the recommendation of our CEO (except as it concerns his own salary) and our Chief People Officer, and consulting with our compensation consultant. Based on this review, our Compensation Committee did not approve any cost of living or other increases to the base salaries of any of our NEOs in 2018 except for Mr. Doran who received a 5% increase as his base salary was below the 50th percentile of base salaries of similar executives at our peer group companies. The base salaries for Ms. Clark and Messrs. Miller and Clark were negotiated with such NEO's at the time they joined our Company in 2018.

The table below sets forth each of our NEOs' 2018 base salary:

<u>Name</u>	<u>2018 Base Salary</u>
Glenn Lurie	\$750,000
David Clark	\$385,000
Lawrence Irving(1)	\$425,000
Jeffrey Miller	\$385,000
Robert Garcia(2)	\$475,000
Mary Clark	\$350,000
Patrick Doran	\$347,000

- (1) Mr. Irving retired as our Chief Financial Officer, effective August 15, 2018 and is no longer employed by our Company.
- (2) Mr. Garcia resigned as our Chief Commercial Officer, effective October 31, 2018 and is no longer employed by our Company.

2018 Annual Cash Incentive Bonus Compensation

Our Annual Cash Incentive Bonus Compensation Program promotes our pay-for-performance philosophy by providing all executives and other management-level corporate employees with direct financial incentives in the form of annual cash awards for achieving Company, business and individual performance goals.

Target Percentage

Our Compensation Committee sets each NEO's individual target cash incentive amount (expressed as a percentage of base salary) based on its general understanding of competitive pay practices, our CEO's recommendation (except with respect to his own target), its consultation with our compensation consultant, and other factors it deems appropriate. Based on its review of these factors, in April 2018, our Compensation Committee kept the target bonus percentage of each of our NEOs who were employed by us in 2017 at the same level as in 2017. The 2018 target bonuses for Ms. Clark and Messrs. Miller and Clark were negotiated with such NEOs at the time they joined our Company in 2018.

The target cash incentive and maximum bonus percentages for each of our NEOs for 2018 who were employed by our Company as of December 31, 2018, were as follows:

<u>Name</u>	<u>Target Incentive Bonus Percentage</u>	<u>Maximum Bonus Percentage</u>
Glenn Lurie	120% of base salary	210% of base salary
David Clark	70% of base salary	122.5% of base salary
Jeffrey Miller	100% of base salary	175% of base salary
Mary Clark	100% of base salary	175% of base salary
Patrick Doran	60% of base salary	105% of base salary

2018 Objectives

For 2018, the cash incentive bonus for each of our NEOs was determined as follows: (i) 90% based on certain corporate objectives and (ii) 10% based on a discretionary individual performance component. In addition, each NEO had the opportunity to earn another (i) 10% of his or her annual bonus target if our Company entered into at least two Tier 1 partnership agreements with third parties during 2018 and (ii) 10% of his or her annual bonus target if our Company entered into at least two new Cloud, Messaging or Digital customer agreements during 2018 with a guaranteed contract value of at least \$10 million.

Our Compensation Committee established (i) non-GAAP revenue, (ii) non-GAAP EBITDA and (iii) free cash flow as the corporate components of our 2018 annual cash incentive bonus program, with each of the components weighted as set forth below. We utilize these non-GAAP financial measures internally in analyzing our financial results and evaluating our ongoing operational performance because they exclude certain non-cash adjustments and non-recurring charges required under GAAP. These metrics were also selected because they are several of the key performance metrics stockholders use in evaluating our Company. In calculating both non-GAAP revenue and non-GAAP EBITDA, we add back the fair value stock-based compensation expense, deferred revenue, acquisition-related costs, restructuring charges, changes in the contingent consideration obligation, deferred compensation expense related to earn-outs and amortization of intangibles associated with acquisitions.

Each of the components was assigned a “threshold” level, which is the minimum achievement level that must be satisfied to receive a portion of the applicable bonus amounts, and a “maximum” level, which, if achieved or exceeded, would result in our NEO’s receiving up to 175% of the target amount attributed to that component.

The components of the 2018 cash incentive compensation plan are set forth below:

Corporate Component	Weighting	Threshold		Maximum
		50% payout	100% payout	175% payout
Non-GAAP Revenue	40%	\$325,000,000	\$375,000,000	\$425,000,000
Non-GAAP EBITDA	30%	\$25,000,000	\$75,000,000	\$115,000,000
Free Cash Flow	20%	\$25,000,000	\$75,000,000	\$115,000,000
Individual Component	10%	N/A	N/A	N/A

2018 Corporate Component

In 2018, our non-GAAP revenue was \$325,839,000, and therefore our NEOs received 50% payout for this metric. During 2018, we had two key events that were not taken into account when the above non-GAAP EBITDA metric was initially established by our Compensation Committee — we were required to make certain financial adjustments as a result of our restatement of our prior financial statements and we established a new product line, DXP, as a result of our Honeybee acquisition. Due to these key events, our Compensation Committee, in consultation with our compensation consultant and after reviewing several alternative approaches, determined that it was appropriate to adjust the calculation of our 2018 non-GAAP EBITDA for purposes of determining bonuses to be awarded pursuant to our 2018 cash incentive compensation plan. Our Compensation Committee resolved to add the following to our actual 2018 non-GAAP EBITDA to calculate 2018 Adjusted non-GAAP EBITDA: (i) the financial adjustments made as a result of our restatement of prior financials and (ii) expenses incurred in establishing the new DXP product line.

As a result, following the adjustments approved by our Compensation Committee, Adjusted Non-GAAP EBITDA was \$28.5 million (comprised of \$14.0 million, plus \$10.8 million of financial adjustments relating to our restatement of our prior financial statements and \$3.7 of expenses incurred in establishing the new DXP product line). As a result, each NEO received 53.5% of the payout with respect to the non-GAAP EBITDA metric.

The free cash flow component was defined under our 2018 cash incentive compensation plan as Non-GAAP EBITDA less any deferred revenue. Our Compensation Committee determined to utilize the Adjusted Non-GAAP EBITDA of \$28.5 million discussed above for purposes of calculating free cash flow which resulted in \$25.5 million of free cash flow following the reduction of Adjusted Non-GAAP EBITDA by \$3 million of deferred revenue. As a result, each NEO received 50% of the payout with respect to the free cash flow metric.

In addition, as described above, each NEO was eligible to earn another (i) 10% of his or her annual bonus target if our Company entered into at least two Tier 1 partnership agreements with third parties during 2018 and (ii) 10% of his or her annual bonus target if our Company entered into at least two new Cloud, Messaging or Digital customer agreements during 2018 with a guaranteed contract value of at least \$10 million. In 2018, our Company entered into Tier 1 partnership agreements with more than two companies but did not enter into at least two Cloud, Messaging or Digital customer agreements with a guaranteed value of at least \$10 million. Accordingly, each NEO received 100% of the payout with respect to the partnership strategic metric and 0% with respect to the new customer agreement portion.

2018 Individual Component

In 2018, the individual component of each NEO's annual cash incentive compensation was based upon our Compensation Committee's subjective assessment of his or her individual performance.

Based on its assessment and Mr. Lurie's recommendations (other than with respect to his own incentive compensation), our Compensation Committee awarded the following as the individual component of their annual cash incentive compensation:

- Mr. Lurie received 100% due to his integral role in leading our Company during the year by establishing our short- and long-term strategy, adding key executives, becoming current on our periodic financial reporting with the SEC, getting reinstated for trading on Nasdaq and improving our overall corporate environment.
- Mr. Clark received 100% due to his efforts in improving our financial performance, becoming current on our periodic financial reports with the SEC, leading significant cutting of and controlling costs, and developing stronger investor relations.

The level of plan payout that was applied to each of the performance components of the 2018 cash incentive compensation plan, which payout percentages were then applied to the cash incentive compensation payments to our NEOs is set forth in the following table:

Component	Weighting	Achievement	Bonus	
			Rate Payout	Bonus Payout
Non-GAAP Revenue	40%	\$325,000,000	50%	20%
Non-GAAP EBITDA	30%	\$ 28,500,000	53.5%	16%
Free Cash Flow	20%	\$ 25,500,000	50%	10%
Individual Component	10%	100%	100%	10%
Strategic Agreements	10%	100%	100%	10%
Customer Agreements	10%	0%	0%	0%

Based on the results of the corporate and individual performance components of the annual cash incentive plan, our NEOs were awarded 66% of each of their targets, resulting in the following payout

amounts under the 2018 cash incentive bonus plan for those NEO's who were employed by us at the end of 2018:

<u>Executive</u>	<u>Target Bonus</u>	<u>Percentage of Target Awarded</u>	<u>Actual Bonus Awarded</u>
Glenn Lurie	\$900,000	66%	\$594,000
David Clark(1)	\$269,500	66%	\$ 98,926
Jeffrey Miller(1)	\$385,000	66%	\$ 48,732
Mary Clark	\$350,000	66%	\$231,000
Patrick Doran	\$206,200	66%	\$137,412

(1) Bonus awarded to Messrs. Clark and Miller were prorated based on their respective start dates.

No amounts were paid to Messrs. Irving or Garcia pursuant to the 2018 cash incentive bonus plan as they were not employed by our Company at the time bonuses were awarded and paid.

2018 Long-Term Incentive Compensation Plan

Our Compensation Committee awarded time-based vesting restricted shares, time-based vesting stock options and performance-based vesting cash units (or shares) to our NEOs as the long-term equity incentive component of their compensation, targeting an annual mix with the intent to provide NEOs with a balanced retention and performance opportunity and serve to closely align our NEOs' long-term objectives with those of our stockholders. The number of shares underlying vesting stock options, the target number of performance-based vesting cash units or shares and the number of time-based vesting restricted shares granted to our NEOs is based on our Compensation Committee's general understanding of competitive pay practices, our CEO's recommendation (except with respect to his own awards), consultation with our compensation consultant, and other factors that our Compensation Committee deems appropriate.

Time-Based Restricted Stock, Stock Options and Performance-Based Restricted Stock and Cash Units

In April 2018, in consultation with our compensation consultant, our Compensation Committee granted time-based vesting restricted stock (31.5% of such NEO's equity award), time-based vesting options to purchase shares of our Common Stock (10.5% of such NEO's equity award) and performance-based vesting cash units (58% of such NEO's equity award) to Messrs. Lurie and Doran. In connection with her joining our Company in January 2018, our Compensation Committee granted Ms. Clark time-based vesting restricted stock, time-based vesting options to purchase shares of our Common Stock and performance-based vesting restricted shares, with each component being one-third of her equity award. In connection with their joining our Company in 2018, our Compensation Committee granted each of Mr. Clark and Mr. Miller time-based vesting restricted stock (75% of such NEO's equity award) and time-based vesting options to purchase shares of our Common Stock (25% of such NEO's equity award). Neither Mr. Clark nor Mr. Miller received any performance-based vesting restricted shares or cash units.

Except for the time-based vesting restricted shares granted to Ms. Clark, the time-based vesting restricted shares vest one-third on each of the first, second and third anniversary of their grant date and the vesting stock options vest one-fourth on the first anniversary of their grant date and in equal monthly installments thereafter over the next thirty-six months. With respect to Ms. Clark, the time-based vesting restricted shares vest 25% on the first anniversary of the grant date and 1/12th each quarter thereafter. The performance-based vesting restricted shares and cash units vest upon the Compensation Committee approving the performance metrics for such grants, which is expected to be in or about February 15, 2021. Each component is subject to the NEO remaining employed through each such vest date. The time-based vesting helps tie our NEOs' variable realizable compensation to our performance and further align their interests with those of our stockholders. See "Description of Awards Granted in 2018," below.

The following table sets forth the number of shares of time-based vesting restricted stock and performance-based vesting restricted cash units or shares awarded and the number of vesting stock options to purchase shares of our Common Stock granted to our NEOs who were employed by us as of December 31, 2018. The equity awards granted to Mr. Garcia in 2018 expired at the time that he ceased being our employee. The equity awards granted to Mr. Irving in 2018 will expire in August 2019 pursuant to his consulting agreement. Mr. Irving's performance-based restricted cash units granted to him expired at the time he ceased being our employee.

Performance-Based Vesting Restricted Shares

2016-2018 Performance Shares

Our 2016-2018 long-term equity incentive plan was originally designed to reward financial and strategic performance during a three-year period from 2016 through 2018, and the restricted shares granted under the 2016-2018 long-term incentive plan (the "**2016-2018 Performance Shares**") were originally to be earned and vest based on achievement of pre-determined performance criteria during that period.

In 2016, our Compensation Committee granted our NEOs the 2016-2018 Performance Shares. The actual number of 2016-2018 Performance Shares earned were originally based on our Company's financial performance over the three-year period commencing on January 1, 2016 based on the following criteria: 60% based on non-GAAP revenue, 30% based on non-GAAP EBITDA and 10% based on the non-GAAP revenue from our Enterprise business. The specific target values for the 2016-2018 Performance Shares were set using aggressive three-year growth targets tied to key corporate financial metrics. In late 2016 and throughout 2017, we experienced changes in our business strategy, including

various management changes, the acquisition of Intralinks Holdings Inc. and the divestiture of our activation exception handling business. Our Compensation Committee discussed alternative methods of granting long-term incentives to our NEOs and measuring performance for open performance awards in light of these significant developments with its independent compensation consultant. Accordingly, our Compensation Committee, with the input of our compensation consultant, agreed to modify the 2016-2018 long-term equity incentive plan by approving that (i) one-third of the 2016-2018 Performance Shares would be awarded based on our Company's performance in 2016 and (ii) two-thirds of the 2016-2018 Performance Shares would be awarded based on our Company's future performance in 2017 and 2018. Our NEOs were required to remain employed by our Company through February 2019 in order to vest in the shares. Our Compensation Committee approved the following revised performance metrics for the 2016-2018 Performance Shares:

For 2016, our Compensation Committee kept the metrics the same percentage as originally approved:

- 60% are earned based on the non-GAAP revenue of our Company in 2016;
- 30% are earned based on the non-GAAP EBITDA as a percentage of non-GAAP revenue of our Company in 2016; and
- 10% are earned based on the Enterprise Business Unit non-GAAP revenue in 2016.

For 2017 and 2018, our Compensation Committee revised the percentages as follows:

- 40% are earned based on the non-GAAP revenue of our Company in 2017 and 2018;
- 40% are earned based on the non-GAAP EBITDA as a percentage of non-GAAP revenue of our Company in 2017 and 2018; and
- 20% are earned based on the recurring revenue of the Company in 2017, and provided that the Compensation Committee had discretion to determine an appropriate 2018 metric.

Mr. Doran, the only NEO who was employed by us in 2016, was awarded 2016-2018 Performance Shares that provided the opportunity to earn the following restricted shares based on the performance of our business during the 2016-2018 performance period:

<u>Name</u>	<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>
Patrick Doran	3,164	6,328	12,656

The method used to calculate the 2016-2018 Performance Shares earned was based on actual performance compared to our Company's revised targets for the 2016-2018 Performance Shares, as shown below, using straight-line interpolation between points. The determination of what number of shares (if any) were earned for the 2016, 2017 and 2018 performance periods is set forth below. The shares vested upon issuance in March 2019.

2016 Performance Period — One-third of the 2016-2018 Performance Shares

In February 2016, our Compensation Committee approved the following threshold, target and maximum performance goals for the 2016 portion of the 2016-2018 Performance Shares:

Corporate Component	Threshold 50% payout	Target 100% payout	Maximum 200% payout	Weighting
Non-GAAP Revenue	\$667,000,000	\$696,000,000	\$725,000,000	60%
Non-GAAP EBITDA as % of Revenue	25%	35%	45%	30%
Enterprise Business Revenue (% of total revenue)	N/A	15%	N/A	10%

In 2016, our attainment under the stated metrics was as follows:

- our adjusted Non-GAAP revenue was \$698.4 million, which was above the target attainment, resulting in a 108% payout with respect to this component;
- our adjusted Non-GAAP EBITDA was \$237.2 million, or 34% of revenue, which was slightly below the target attainment, resulting in a 95% payout with respect to this component; and
- our non-GAAP Enterprise Business revenue was 3% of total revenue, which was significantly below the target payout, resulting in a 0% payout with respect to this component.

Corporate Component	Achievement	Plan Payout	Weighting
Adjusted Non-GAAP Revenue	\$698,400,000	165%	60%
Adjusted Non-GAAP EBITDA	34%	95%	30%
Enterprise Business Revenue (% of total revenue)	3%	-0%-	10%

As a result, Mr. Doran earned 93.3% of the target number of the 2016-2018 Performance Shares allocable to 2016 based on our Company's 2016 financial performance. These Performance Shares vested in March 2019. The actual number of 2016-2018 Performance Shares earned based on our 2016 performance is set forth below:

Name	2016-2018 Target Shares	2016 Target Shares	Attainment %	Shares Earned
Patrick Doran	6,328	2,109	93.3%	1,967

2017 Performance Period — One-third of the 2016-2018 Performance Shares

In July of 2017, our Compensation Committee approved the following threshold, target and maximum performance goals for 2017 for the 2016-2018 Performance Shares:

Corporate Component	Threshold 50% payout	Target 100% payout	Maximum 200% payout	Weighting
Non-GAAP Revenue	\$781,000,000	\$827,000,000	\$872,000,000	40%
Non-GAAP EBITDA	\$247,000,000	\$279,000,000	\$311,000,000	40%
Recurring Revenue	\$559,000,000	\$592,000,000	\$625,000,000	20%

In the event our Company did not achieve the Non-GAAP revenue threshold, our NEOs would not be entitled to any payout under the recurring revenue component regardless of the actual recurring revenue achieved. In 2017, our attainment under the stated metrics was as follows:

- our Non-GAAP revenue was \$407.3 million, which was below the threshold attainment, resulting in a 0% payout with respect to this component;
- our 2017 Non-GAAP EBITDA was \$61.5 million, which was below the threshold attainment, resulting in a 0% payout with respect to this component; and
- because the Non-GAAP revenue was less than the \$781.0 million threshold, our NEOs were not entitled to any payout under the recurring revenue component regardless of what the 2017 Non-GAAP recurring revenue was, resulting in a 0% payout with respect to this component.

Corporate Component	Achievement	Plan Payout	Weighting
Non-GAAP Revenue	\$407,300,000	0%	60%
Non-GAAP EBITDA	\$61,500,000	0%	30%
Recurring Revenue	\$307,300,000	0%	10%

As a result, Mr. Doran earned 0% of the target number of 2016-2018 Performance Shares allocable to 2017 based on our Company's 2017 financial performance. The actual number of 2016-2018 Performance Shares earned based on our 2017 performance is set forth below:

Name	2016-2018 Target Shares	2017 Target Shares	Attainment %	Performance Shares
Patrick Doran	6,328	2,109	0%	0

2018 Performance Period — One-third of the 2016-2018 Performance Shares

In February 2018, our Compensation Committee approved the following threshold, target and maximum performance goals for the 2018 portion of the 2016-2018 Performance Shares:

Corporate Component	Weighting	Threshold 50% payout	Target 100% payout	Maximum 200% payout
Non-GAAP Revenue	40%	\$325,000,000	\$375,000,000	\$425,000,000
Non-GAAP EBITDA	40%	\$25,000,000	\$75,000,000	\$115,000,000
Free Cash Flow	20%	\$25,000,000	\$75,000,000	\$115,000,000

In 2018, using the same adjustments and calculations as described above under our 2018 cash incentive compensation plan, our attainment under the stated metrics was as follows:

- our Non-GAAP revenue was \$325.8 million, which was at the threshold attainment, resulting in a 50% payout with respect to this component;
- our 2018 adjusted Non-GAAP EBITDA was \$28.5 million, which was slightly above the target attainment, resulting in a 53.5% payout with respect to this component; and

- our 2018 adjusted Free Cash Flow was \$25.5 million, which was at the threshold attainment, resulting in a 50% payout with respect to this component.

Corporate Component	Achievement	Plan Payout	Weighting	Payout
Non-GAAP Revenue	\$325,800,000	50.0%	40%	20.0%
Adjusted Non-GAAP EBITDA	\$28,500,000	53.5%	40%	21.4%
Adjusted Free Cash Flow	\$25,500,000	50.0%	20%	10.0%

As a result, Mr. Doran earned 51.4% of the target number of the 2016-2018 Performance Shares allocable to 2018 based on the Company's 2018 financial performance. The actual number of 2016-2018 Performance Shares earned based on our 2018 performance is set forth below:

Name	2016 - 2018 Target Shares	2018 Target Shares	Attainment %	Shares Earned
Patrick Doran	6,238	2,110	51.4%	1,079

The actual number of 2016-2018 Performance Shares earned based on our 2016-2018 performance is set forth below, all of which vested in March 2019:

Name	2016 - 2018 Target Shares	2016 Target Shares	2016 Attain %	2016 Shares Earned	2017 Target Shares	2017 Attain %	2017 Shares Earned	2018 Target Shares	2018 Attain %	2018 Shares Earned	Total Shares Earned
Patrick Doran	6,328	2,109	93.3%	1,967	2,110	0	0	2,100	51.4	1,079	3,046

As neither Ms. Clark nor Messrs. Miller or Clark were with the Company in 2016, none of them were granted any 2016-2018 Performance Shares. The 2016-2018 Performance Shares granted to Messrs. Irving and Garcia terminated when they ceased to be an employee of our Company.

2018-2020 Performance Cash Units and Shares

In April 2018, our Compensation Committee granted 2018-2020 performance-based cash units to our NEOs employed as of the grant date. As discussed above, in 2018 our Compensation Committee transitioned to performance-based cash units rather than performance-based shares. Ms. Clark received performance-based shares as part of her new hire grant. The following table sets forth the

2018-2020 performance-based cash units or shares (collectively, the “**2018-2020 Performance Units**”) awarded to our NEO’s that were employed by us as of December 31, 2018:

<u>Name</u>	<u>2018 - 2020 Target Performance Units</u>	<u>2018 Target Performance Units</u>	<u>2019 Target Performance Units</u>	<u>2020 Target Performance Units</u>
Glenn Lurie	273,070	91,023	91,023	91,024
Mary Clark	30,000	10,000	10,000	10,000
Patrick Doran	54,614	18,204	18,205	18,205

As Mr. Clark joined our Company in July 2018 and Mr. Miller joined our Company in October 2018, neither of them were granted any 2018-2020 Performance Units. The 2018-2020 Performance Cash Units granted to Messrs. Irving and Garcia terminated when each of them ceased to be an employee of our Company.

The 2018-2020 Performance Units provide the opportunity to earn the following performance-based cash units based on the performance of our business during 2018, 2019 and 2020. Our NEOs are required to remain employed by the Company through March 2021 in order to vest in the cash units or shares. In the case of the performance-based cash units, our Compensation Committee will determine whether to settle the vested units in cash or shares of our Common Stock at the time they vest.

The following were the performance targets for the plan established by our Compensation Committee: 40% based on non-GAAP revenue, 40% based on non-GAAP EBITDA and 20% based on a strategic objective established by our Compensation Committee each year during the three-year period. For 2018, our Compensation Committee designated free cash flow as the strategic metric.

Each of the components was separately assigned a “threshold” level, which established the minimum achievement necessary to be satisfied to receive any portion of the applicable bonus amounts, and a “maximum” level, which, if achieved or exceeded, would result in 200% of the target cash units being earned with respect to such component as described below.

In February 2018, our Compensation Committee approved the following threshold, target and maximum performance goals for the 2018 portion of the 2018-2020 Performance Shares:

<u>Corporate Component</u>	<u>Weighting</u>	<u>Threshold 50% payout</u>	<u>Target 100% payout</u>	<u>Maximum 200% payout</u>
Non-GAAP Revenue	40%	\$325,000,000	\$375,000,000	\$425,000,000
Non-GAAP EBITDA	40%	\$25,000,000	\$75,000,000	\$115,000,000
Free Cash Flow	20%	\$25,000,000	\$75,000,000	\$115,000,000

In 2018, using the same adjustments and calculations as described above under our 2018 Cash Incentive Compensation Plan, our attainment under the stated metrics was as follows:

- our Non-GAAP revenue was \$325.8 million, which was at the threshold attainment, resulting in a 50% payout with respect to this component;
- our 2016 Adjusted Non-GAAP EBITDA was \$28.5 million, which was slightly above the target attainment, resulting in a 53.5% payout with respect to this component; and
- our 2016 Adjusted Free Cash Flow was \$25.5 million, which was at the threshold attainment, resulting in a 50% payout with respect to this component.

Corporate Component	Achievement	Plan Payout	Weighting	Payout
Non-GAAP Revenue	\$325,800,000	50.0%	40%	20.0%
Adjusted Non-GAAP EBITDA	\$28,500,000	53.5%	40%	21.4%
Adjusted Free Cash Flow	\$25,500,000	50.0%	20%	10.0%

As a result, our NEOs earned 51.4% of the target number of the 2018-2020 Performance Units allocable to 2018 based on our Company's 2018 financial performance. The actual number of 2018-2020 Performance Units earned based on our 2018 performance is set forth below, which performance units shall vest in or about March 2021 provided the NEO remains employed by our Company:

Name	2018 - 2020 Target Performance Units	2018 Target Performance Units	Attainment %	Units Earned
Glenn Lurie	273,070	91,023	51.4%	46,786
Mary Clark	30,000	10,000	51.4%	5,140
Patrick Doran	54,614	18,204	51.4%	9,357

2018-2019 CEO New Hire LTI Plan

Upon joining our Company in November 2017, our Compensation Committee awarded Mr. Lurie a special grant of 180,528 performance-based vesting restricted shares based on our Company's performance in 2018 and 2019 (the "**2018-2019 New Hire LTI Plan**"). One-half of the performance-based vesting restricted shares are based on our Company's performance in 2018 and vested in March 2019 and the remaining one-half will vest in or about March 2020, subject to our Compensation Committee reviewing and approving the financial performance of our Company in 2019, provided

Mr. Lurie remains employed by our Company through such date. Accordingly, Mr. Lurie was awarded the following performance-based restricted shares under the 2018-2019 CEO New Hire LTI Plan:

<u>Name</u>	<u>2018 - 2019 Target Performance Shares</u>	<u>2018 Target Performance Shares</u>	<u>2019 Target Performance Shares</u>
Glenn Lurie	180,528	90,264	90,264

Under the terms of Mr. Lurie's performance-based performance shares, the metrics for obtaining such shares are the same metrics as the long-term incentive plan for the 2018 portion of the 2018-2020 Performance Units. As discussed above, our Compensation Committee established the following as the performance targets for the plan: 40% based on non-GAAP revenue, 40% based on non-GAAP EBITDA and 20% based on a strategic objective, which for 2018 was free cash flow. In February 2018, our Compensation Committee approved the following threshold, target and maximum performance goals for the 2018 portion of the 2018-2019 CEO New Hire LTI Plan:

<u>Corporate Component</u>	<u>Weighting</u>	<u>Threshold 50% payout</u>	<u>Target 100% payout</u>	<u>Maximum 200% payout</u>
Non-GAAP Revenue	40%	\$325,000,000	\$375,000,000	\$425,000,000
Non-GAAP EBITDA	40%	\$25,000,000	\$75,000,000	\$115,000,000
Free Cash Flow	20%	\$25,000,000	\$75,000,000	\$115,000,000

In 2018, using the same adjustments and calculations as described above under our 2018 Cash Incentive Compensation Plan, our attainment under the stated metrics was as follows:

- our adjusted Non-GAAP revenue was \$325 million, which was at the threshold attainment, resulting in a 50% payout with respect to this component;
- our adjusted Non-GAAP EBITDA was \$28.5 million, which was slightly above the target attainment, resulting in a 53.5% payout with respect to this component; and
- our adjusted Free Cash Flow was \$25.5 million, which was at the threshold attainment, resulting in a 50% payout with respect to this component.

<u>Corporate Component</u>	<u>Achievement</u>	<u>Plan Payout</u>	<u>Weighting</u>	<u>Payout</u>
Non-GAAP Revenue	\$325,800,000	50.0%	40%	20.0%
Adjusted Non-GAAP EBITDA	\$28,500,000	53.5%	40%	21.4%
Adjusted Free Cash Flow	\$25,500,000	50.0%	20%	10.0%

As a result, Mr. Lurie earned 51.4% of the target number of the 2018-2019 CEO New Hire LTI Plan allocable to 2018 based on our Company's 2018 financial performance. The actual number of

performance-based restricted shares earned by Mr. Lurie based on our 2018 performance under the 2018-2019 CEO New Hire LTI Plan is set forth below, which shares vested in March 2019:

Name	2018 - 2019 Target Performance Shares	2018 Target Performance Shares	Attainment %	Performance Shares Earned
Glenn Lurie	180,528	90,264	51.4%	46,395

Other Benefits and Perquisites

Our NEOs are eligible to participate in all of our employee benefit plans (other than our employee stock purchase plan), such as medical, dental, vision, group life and disability insurance and our 401(k) plan, in each case, on the same basis as our other employees. In 2018, we leased an automobile (and paid applicable insurance and gas) for Messrs. Irving and Clark (during the time each of them was employed by our Company) and provided a car allowance to Mr. Garcia (during the time he was employed by our Company), each to be used primarily for business purposes. Mr. Lurie is also entitled to the following fringe benefits during 2018: (1) a housing allowance of \$72,000 per year for the first year and half of employment with our Company; (2) the reimbursement of approximately \$19,000 for relocation expenses; (3) an automobile lease and insurance allowance of \$17,000 per year; and (4) the reimbursement of the cost of airfare for Mr. Lurie and his family to and from Arizona and New Jersey up to six times per year, ending on or about December 15, 2018. There were no other special benefits or perquisites provided to any NEO in 2018.

In accordance with this policy, we investigate all reported instances of questionable or unethical behavior, and where improper behavior is found to have occurred, we take appropriate remedial action up to and including termination. If the results of an investigation establish that one of our employees, officers or directors has committed fraud or engaged in some other improper act that has the result of causing our financial statements for any period to be restated or that otherwise adversely affects those financial statements, our Board has discretion to take immediate and appropriate disciplinary action against the individual, including but not limited to termination. In addition, our Board has discretion to pursue whatever legal remedies are available to prosecute the individual to the fullest extent of the law and to clawback or recoup any amounts he or she inappropriately received as a result of the improper action or inaction, including but not limited to any annual or long-term incentives that he or she received but would not have received had such act not been taken.

Executive Officer Stock Ownership Guidelines

We have instituted stock ownership guidelines for our executive officers with the purpose of ensuring they maintain a meaningful equity stake in our Company to further align their interests with those of our stockholders. Each executive officer who is also subject to Section 16 of the Exchange Act or who directly reports to our CEO (which includes all of our NEOs) is required to own, as of the later of January 1, 2020 or five years from the date on which the individual first began reporting to our CEO or first became a Section 16 officer, a number of vested shares of our Common Stock having a value at least equal to (a) in the case of our CEO, five times his then current base salary; (b) for any direct report of our CEO, three times that individual's then current base salary, and (c) for other executive officers subject to this policy, one and one-half times the individual's then current base salary.

If an executive officer is not compliant at the end of his or her phase-in period, our Compensation Committee may reduce future equity grants to that individual until he or she becomes compliant. Based on share holdings on December 31, 2018, each of our NEOs exceeded his or her applicable minimum holding requirements on that date, other than Ms. Clark and Messrs. Clark and Miller as each of them joined us in 2018 and have not begun vesting in their restricted stock and options and, therefore, have not had an opportunity to acquire our Common Stock as of December 31, 2018.

Tax Matters

Section 162(m) of the Code generally denies a deduction to any publicly-held corporation for compensation paid in a taxable year to its named executive officers exceeding \$1 million. As a result of changes made by the 2017 Tax Cuts and Jobs Act, Section 162(m) will limit the Company from deducting compensation, including performance-based compensation, in excess of \$1 million paid to anyone who serves as the chief executive officer, chief financial officer or who is among the three most highly compensated executive officers for any year beginning after December 31, 2016. The only exception to this rule is for compensation that is paid pursuant to a binding contract in effect on November 2, 2017, that would have otherwise been deductible under the prior Section 162(m) rules. Prior to the enactment of the 2017 Tax Cuts and Jobs Act, Section 162(m) limited us from deducting compensation paid in years prior to 2018, excluding performance-based compensation, in excess of \$1 million paid to anyone who served as the chief executive officer or who was one of the three most highly compensated executive officers for the applicable tax year, excluding the chief financial officer. Our Compensation Committee considers tax and accounting implications in determining all elements of our compensation plans, programs and arrangements. Prior to the enactment of the 2017 Tax Cuts and Jobs Act, the Compensation Committee retained the discretion to make awards of either bonuses or equity awards that did not satisfy Section 162(m) and, therefore, may not have been deductible. Base salaries, time-vested restricted stock units, time-vested retention and transition payments, and discretionary or subjectively determined bonus awards generally did not qualify as performance-based compensation under the pre-2017 Tax Cuts and Jobs Act rules.

Management Changes-Named Executive Officer Separation Agreements

As disclosed on the Current Report on Form 8-K filed with the SEC on August 13, 2018, effective as of August 15, 2018, Mr. Irving retired as our Chief Financial Officer and our Board appointed David Clark to serve as our Company's Chief Financial Officer. In connection with Mr. Irving's termination of his employment with our Company, Mr. Irving executed a broad release in favor of our Company, which provides for the following payments to Mr. Irving: (i) lump sum severance payment in the amount of \$1,147,500 (less all applicable withholdings and deductions) paid in accordance with his employment agreement; (ii) the gross amount of \$19,850, which is intended to cover the employer portion of any COBRA payments for a period of twenty-four months following his termination date; (iii) payment of \$425,000 (less all applicable withholdings and deductions) in accordance with the terms of the Retention Plan; and (iv) vested in 32,700 retention restricted shares in accordance with the terms of the Retention Plan. The Company and Mr. Irving also entered into a standard consulting services agreement pursuant to which Mr. Irving will provide transition assistance to the Company's executive team on an as needed basis through August 15, 2019 in return for the continued vesting of his outstanding restricted stock awards (other than performance-based restricted cash units) and options to purchase shares of our Common Stock.

Our Chief Commercial Officer, Robert Garcia, terminated his employment with the Company, effective as of October 31, 2018. In exchange for a broad release in favor of the Company, the Release Agreement provides for the following payments to Mr. Garcia: (i) lump sum severance payment in the amount of \$1,014,226 (less all applicable withholdings and deductions) paid in accordance with his employment agreement; (ii) the gross amount of \$27,875, which is intended to cover the employer portion of any COBRA payments for a period of eighteen months following the Termination Date; (iii) payment of \$475,000 (less all applicable withholdings and deductions) in accordance with the terms of the Retention Plan; and (iv) vested in 39,500 retention restricted shares in accordance with the terms of the Retention Plan. All of Mr. Garcia's unvested equity terminated as of October 31, 2018.

- (1) Each of our NEOs was granted a non-equity incentive plan award pursuant to our 2018 annual incentive bonus compensation plan. The amounts shown in the “Threshold” column reflect the cash payment that would have been awarded under our 2018 annual incentive bonus plan if we had achieved the threshold payout level for a single corporate objective with the lowest weight. The amounts shown in the “Target” column reflect the target payment level under our 2018 annual incentive bonus plan if we had achieved all of the objectives previously approved by our Compensation Committee at target levels. The amounts shown in the “Maximum” column reflect the maximum payouts under our 2018 annual incentive bonus compensation plan if we had achieved all of the objectives previously approved by our Compensation Committee at or above the maximum level. The corporate and business components of our 2018 annual incentive bonus compensation plan are discussed in greater detail in “*Compensation Discussion and Analysis*” above. The actual amounts paid to each NEO are shown in the Summary Compensation Table above. The table does not include the individual discretionary component portion of the NEOs’ aggregate targeted annual cash incentive bonus amount.

- (1) Computed in accordance with SEC rules as the number of unvested shares multiplied by the closing market price per share of our Common Stock on December 31, 2018, which was the last trading day of 2018, which was \$6.14 per share. The actual value (if any) to be realized by the NEO depends on whether the shares vest and the future performance of our Common Stock. Each of the options and restricted shares automatically vest if we are acquired and the NEO is either involuntarily terminated or voluntarily resigns for good reason under certain circumstances following our change of control, as discussed in more detail below under "Employment Agreements."
- (2) The option vests over four years from the vesting start date of November 13, 2017, with 25% vesting after the completion of the first year of service to the Company and the remaining shares vesting in equal monthly installments over an additional 36 months of continuous service to the Company. As a result, the option will be fully exercisable on November 13, 2021.
- (3) The option shall become exercisable with respect to the shares subject to the option when the person completes three years of continuous service after November 13, 2017.
- (4) The option vests over four years from the vesting start date of April 5, 2018, with 25% vesting on February 28, 2019 and the remaining shares vesting in equal monthly installments over an additional

36 months of continuous service to the Company. As a result, the option will be fully exercisable on February 28, 2022.

- (5) Reflects restricted shares granted on November 13, 2017. One-third of the shares vested on November 13, 2018 and one-third of the shares will vest on each of November 13, 2019 and 2020, provided the NEO remains continuously employed by the Company on those dates.

In order to align the NEOs with the Company's strategic direction, the Compensation Committee agreed to terminate the 2016-2018 plan after the 2016 performance year and bifurcate the 2016-2018 into 2 tranches: 1) shares earned in 2016 and 2) shares earned from 2017-2018. - (28) Computed in accordance with SEC rules as the number of unvested shares multiplied by the closing market price per share of our Common Stock on December 31, 2018, which was the last trading day of 2018, which was \$6.14 per share. The actual value (if any) to be realized by the NEO depends on whether the shares vest and the future performance of our Common Stock. Each of the options and restricted shares automatically vest if we are acquired and the NEO is either involuntarily terminated or voluntarily resigns for good reason under certain circumstances following our change of control, as discussed in more detail below under "Employment Agreements."

Option Exercises and Stock Vested

The following table shows the number of shares acquired upon exercise of options by each NEO during the year ended December 31, 2018, and the shares of restricted stock held by each NEO that vested during the year ended December 31, 2018.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(1)

David Clark	-0-	-0-	-0-	-0-
Lawrence Irving	-0-	-0-	48,585	357,296
Jeffrey Miller	-0-	-0-	-0-	-0-

- (1) For option awards, value realized on exercise is based on the fair market value of our Common Stock on the exercise date less the exercise price. For stock awards, value realized on vesting is based on the fair market value of our Common Stock on the vesting date. In neither case do the amounts set forth above necessarily reflect proceeds actually received by the NEO. Our NEOs will only realize value on these awards when the underlying shares are sold, which value may differ from the value shown in the table above as it is dependent on the price at which such shares of Common Stock are actually sold.

Employment Agreements

Chief Executive Officer

In connection with the appointment of Mr. Lurie as our Chief Executive Officer on November 13, 2017, we entered into an employment agreement with him. Pursuant to the terms of his appointment as Chief Executive Officer, Mr. Lurie is entitled to receive an annual base salary of \$750,000 and be eligible to receive an annual performance bonus, with a target amount equal to 120% of his annual base salary, based upon the achievement of certain Company and individual objectives as determined by the Board or its Compensation Committee. The Board or its Compensation Committee shall review Mr. Lurie's base salary at least annually to determine whether to increase (but not decrease) the base salary in its discretion.

The Company granted Mr. Lurie an initial award of 180,528 time-based restricted stock awards, time-based stock options to purchase 507,101 shares of our Common Stock (the "**Initial Options**") and 180,528 performance-based restricted shares (the "**RSAs**"), effective on his first day of employment. The restricted stock awards will vest in equal annual installments on each anniversary of the grant date over a period of three years. The time-based stock options will vest 25% after the first year and 1/48th for each month of service thereafter. Each vested performance-based restricted share will entitle Mr. Lurie to receive one share of our Common Stock based on our Company's performance during 2018 and 2019. The 2018 and 2019 Company performance goals shall be determined by the Board or its Compensation Committee at the time our Company's business plan for such period is determined. One-half of the performance-based restricted shares will vest in 2019 based on the Company's 2018 performance and the remaining one-half will vest in March 2020 based on our Company's 2019 performance.

In addition, as an inducement for Mr. Lurie to join our Company as Chief Executive, due to his unique skill set, he was granted a one-time option to purchase 1,000,000 shares of our Common Stock (the "Challenge Grant" and collectively with the RSAs, the Initial Options and the Performance Shares, the "Inducement Awards"), at an exercise price of \$10.04 per share, the closing price of our Common Stock on The Nasdaq Global Select Market on November 13, 2017. The Challenge Grant shall vest in full on the third anniversary of the date of grant and shall expire on the seventh anniversary of the date of grant.

Pursuant to his employment agreement, Mr. Lurie will be eligible to receive severance benefits if he is subject to an involuntary termination, contingent on him signing and not revoking a general release of all claims against the Company. The employment agreement provides that if prior to, or after 24 months following, the occurrence of a "change in control" (as defined in the employment agreement), Mr. Lurie is subject to an "involuntary termination" (as defined in the employment agreement), he shall be eligible to receive a lump-sum severance payment equal to (i) two times the sum of his base salary in effect at the time of termination plus his average bonus received in the immediately preceding two years plus (ii) an amount equal to 24 times the monthly amount the Company was paying on behalf of Mr. Lurie and his eligible dependents with respect to the Company's group health insurance plans in which Mr. Lurie and his eligible dependents were participants as of the date of termination. In addition, all stock options, shares of restricted stock, and other equity awards granted by the Company and held by Mr. Lurie at the time of the involuntary termination shall be credited with an additional 12 months of vesting service as of the date of the termination; except that if the termination occurs prior to the third anniversary of the date of the grant of the Challenge Grant, then the number of shares subject to the Challenge Grant which vest shall equal to the product of (i) 1,000,000 shares and (ii) a fraction equal to (A) the number of complete calendar months that have elapsed since November 13, 2017 through the date of the involuntary termination and (B) 36. Acceleration of performance vested restricted stock shall be determined based on the actual achievement of pro-rated performance goals through the date of involuntary termination. The amount of these severance benefits shall be reduced by the amount of severance pay or pay in lieu of notice that Mr. Lurie receives from the Company under any applicable federal or state statute.

The employment agreement also provide that if an involuntary termination occurs within 120 days prior to or 24 months following a change in control, Mr. Lurie shall be eligible to receive a lump sum severance payment equal to (i) 2.99 times his base salary in effect at the time, (ii) two times his average bonus received in the immediately preceding two years, plus (iii) an amount equal to 24 times the monthly amount the Company was paying on behalf of Mr. Lurie and his eligible dependents with respect to the Company's group health insurance plans in which Mr. Lurie and his eligible dependents were participants as of the date of termination. In addition, his outstanding stock options, shares of restricted stock, and other equity awards granted by the Company shall accelerate and be fully vested (other than performance-related restricted stock that is tied to performance after the change of control). The amount of these severance benefits shall be reduced by the amount of severance pay or pay in lieu of notice that Mr. Lurie receives from the Company under any applicable federal or state statute.

In the event of Mr. Lurie's death, Mr. Lurie's estate will receive an amount equal to his target cash incentive bonus for the fiscal year in which such termination occurs (or, if greater, the bonus amount determined based on the applicable factors and actual performance for such fiscal year). In addition, all stock options, shares of restricted stock (other than performance-related restricted stock), and other time-based equity awards granted by the Company and held by Mr. Lurie at the time of his death

(other than the Challenge Grant) shall accelerate and be fully vested, and a pro rata portion of the Challenge Grant equal to (i) 1,000,000 shares times (ii) a fraction the numerator of which is the number of complete calendar months that have elapsed between November 13, 2017 and the date Mr. Lurie's employment ends due to death, and the denominator of which is 36 shall accelerate and be fully vested.

If Mr. Lurie's employment terminates due to "permanent disability" (as defined in his employment agreement), Mr. Lurie will be entitled to receive (i) an amount equal to his target cash incentive bonus for the fiscal year in which such termination occurs (or, if reasonably ascertainable and greater, the bonus amount determined based on the applicable factors and actual performance for such fiscal year), prorated based on the number of days of employment completed during that fiscal year, plus (ii) a lump sum amount equal to 24 times the monthly amount the Company was paying on behalf of Mr. Lurie and his eligible dependents with respect to the Company's group health insurance plans in which Mr. Lurie and his eligible dependents were participants as of the date of termination. In addition, (i) all stock options, shares of restricted stock (other than performance-related restricted stock) and other time-based equity awards granted by the Company and held by Mr. Lurie (other than the Challenge Grant) shall accelerate and be fully vested as of the date of Mr. Lurie's termination, and (ii) a pro rata portion of the Challenge Grant equal to (x) 1,000,000 shares times (y) a fraction the numerator of which is the number of complete calendar months that have elapsed between November 13, 2017 and the date Mr. Lurie's employment ends due to disability, and the denominator of which is 36 shall accelerate and be fully vested.

Other Named Executive Officers

We entered into an employment agreement with Mr. Clark on August 9, 2018. Each of Ms. Clark and Messrs. Doran and Miller are eligible participants of our Tier One Employment Plan which have substantially the same terms as the employment agreement with Mr. Clark other than with respect to health insurance payments as described below. Mr. Clark's employment agreement and Tier One Employment Plan are collectively referred to as the "Employment Arrangements." Under the Employment Arrangements, each NEO will be eligible to receive severance benefits if he or she is subject to an involuntary termination, contingent on him or her signing and not revoking a general release of all claims against the Company. The Employment Arrangements provide that if prior to, or after 24 months following, the occurrence of a "change in control" (as defined in the Employment Arrangements), the NEO is subject to an "involuntary termination" (as defined in the employment agreement), he or she shall be eligible to receive a lump-sum severance payment equal to (i) one and one-half times the sum of his or her base salary in effect at the time of termination plus his or her average bonus received in the immediately preceding two years plus (ii) an amount equal to (a) for Mr. Clark, 24 times the monthly amount the Company was paying on behalf of Mr. Clark and his eligible dependents with respect to the Company's group health insurance plans in which he and his dependents were participants as of the date of termination and (b) for the other NEOs, (x) 12 times in the event of involuntary termination where there was no change in control, (y) 18 times in the event of involuntary termination where there was a change in control and (z) 24 times in the event of death or permanent disability, in each case times the monthly amount the Company was paying on behalf of the NEO and his or her eligible dependents with respect to the Company's group health insurance plans in which the NEO and his or her dependents were participants as of the date of termination. In addition, all stock options, shares of restricted stock (other than performance related restricted stock), and other time based equity awards granted by the Company and held by the NEO shall accelerate and be fully vested. The amount of these severance benefits shall be reduced by the amount of severance pay

or pay in lieu of notice that the NEO receives from the Company under any applicable federal or state statute.

The Employment Arrangements also provide that if an involuntary termination occurs within 120 days prior to or 24 months following a change in control, the NEO shall be eligible to receive a lump sum severance payment equal to two times his or her base salary in effect at the time and his or her average bonus received in the immediately preceding two years, plus an amount equal to 24 times the monthly amount the Company was paying on behalf of Mr. Clark and 18 times the other NEOs and his or her eligible dependents with respect to the Company's group health insurance plans in which the NEO and his or her eligible dependents were participants as of the date of termination. The amount of these severance benefits shall be reduced by the amount of severance pay or pay in lieu of notice that the NEO receives from the Company under any applicable federal or state statute.

In the event of a NEO's death, his or her estate will receive an amount equal to his or her target cash incentive bonus for the fiscal year in which such termination occurs (or, if greater, the bonus amount determined based on the applicable factors and actual performance for such fiscal year). In addition, all stock options, shares of restricted stock (other than performance-related restricted stock), and other time-based equity awards granted by the Company and held by the NEO at the time of his or her death shall accelerate and be fully vested.

If a NEO's employment terminates due to "permanent disability" (as defined in the Employment Arrangements), he or she will be entitled to receive (i) an amount equal to his or her target cash incentive bonus for the fiscal year in which such termination occurs (or, if reasonably ascertainable and greater, the bonus amount determined based on the applicable factors and actual performance for such fiscal year), prorated based on the number of days of employment completed during that fiscal year, plus (ii) a lump sum amount equal to 24 times the monthly amount the Company was paying on behalf of the NEO and his or her eligible dependents with respect to the Company's group health insurance plans in which the NEO and his or her eligible dependents were participants as of the date of termination. In addition, all stock options, shares of restricted stock (other than performance-related restricted stock), and other time-based equity awards granted by the Company and held by the NEO at the time of his or her permanent disability shall accelerate and be fully vested.

Lurie, Clark, Miller and Doran and Ms. Clark would be entitled pursuant to their respective employment agreements if such executive officer's employment was terminated effective as of December 31, 2018. There are no agreements, arrangements or plans that entitle executive officers to severance, perquisites, or other enhanced benefits in connection with the termination of their employment other than the employment agreements and executive employment plan.

- (1) For purposes of valuing cash severance payments in the table above, we used each NEO's base salary as of December 31, 2018. For purposes of calculating cash severance payments in the table above in the event of an involuntary termination (whether prior to, within 24 months following, or more than 24 months following, a change in control), we used each NEO's average annual bonuses for 2017 and 2018 and, for purposes of calculating cash severance payments in the table above in the event of a termination due to permanent disability, we used the NEO's target bonus as of December 31, 2018. For Messrs. Clark and Miller and Ms. Clark we used the average of the actual bonus for 2018 and the target bonus for each of them.
- (2) The value of option acceleration shown in the table above was calculated based on the assumption that the triggering event occurred on December 31, 2018. The value of the vesting acceleration was calculated by multiplying the number of unvested shares subject to each option by the excess of the closing price of our Common Stock on December 31, 2018, the last trading day of the year, over the exercise price of the option.
- (3) The value of restricted stock acceleration shown in the table above was calculated based on the assumption that the triggering event occurred on December 31, 2018. The value of the vesting acceleration was

calculated by multiplying the number of unvested shares subject to each restricted stock grant by the closing price of our Common Stock on December 31, 2018, the last trading day of the year.

- (4) Amount shown reflects the total price of the Target number of shares earned based on the assumption that the triggering event occurred on December 31, 2018. The value of the vesting acceleration was calculated by multiplying the Target number of shares by the closing price of our Common Stock on December 31, 2018, the last trading day of the year. Participants in the Retention Bonus Plan may earn higher amounts of shares if the closing price of the volume-weighted average of our Common Stock exceeds a certain price for 20 consecutive trading days at any point prior to July 26, 2019. In the event of an Involuntary Termination other than for death or disability, the performance multiplier will be the greater of the Target multiplier or the highest Common Stock closing price level attained over 20 consecutive trading days. In the event of an Involuntary Termination for death or disability, the Company may elect to waive the Company's volume-weighted average Common Stock closing price for 20 consecutive trading days. The below table represents the price level and performance multiplier Mr. Doran, the only NEO participant in the Retention Bonus Plan employed by our Company as of December 31, 2018.

Participant	Target Shares	\$30 Stock Price (125%) Shares	\$35 Stock Price (150%) Shares
Patrick Doran	27,500	34,375	41,250

- (5) Amount shown reflects the Target cash under the Retention Bonus Plan that would have been the amount granted had the triggering event occurred on December 31, 2018. Participants in the Retention Bonus Plan may earn higher amounts of cash if the closing price of the volume-weighted average of the Company's Common Stock exceeds a certain price for 20 consecutive trading days at any point prior to July 26, 2019. In the event of an Involuntary Termination other than for death or disability, the performance multiplier will be the greater of the Target multiplier or the highest Common Stock closing price level attained over 20 consecutive trading days. In the event of an Involuntary Termination for death or disability, the Company may elect to waive the Company's volume-weighted average Common Stock closing price for 20 consecutive trading days. The below table represents the price level and performance multiplier for Mr. Doran, the only NEO participant in the Retention Bonus Plan employed by our Company as of December 31, 2018.

Participant	Target Cash	\$30 Stock Price (125%) Cash	\$35 Stock Price (150%) Cash
Patrick Doran	330,000	412,500	495,000

- (6) Amounts reflect 24x the current monthly costs to us of the individual's health and welfare benefits per year for Termination without change in control, Death or Disability or Termination due to change in control.
- (7) Amounts reflect 12x the current monthly costs to us of the individual's health and welfare benefits per year for Involuntary Termination without change in control; 24x the current costs to us of the individual's health and welfare benefits per year for Death or Disability; 18x the current costs to us of the individual's health and welfare benefits per year for Termination due to change in control.

For our fiscal year ended December 31, 2018:

- The median of the annual total compensation of all employees (other than our CEO) was \$74,960.65; and
- The annual total compensation of our CEO, as reported in the 2018 Summary Compensation Table included elsewhere in this Proxy Statement, was \$6,969,454.

Based on this information the ratio of the annual total compensation of our CEO to the median of the annual total compensation of our employees was 93 to 1.

The above ratio is appropriately viewed as an estimate. To identify the median of the annual compensation of our employees, we reviewed the current base salary and the bonus and long term incentive compensation targets of our U.S. and non-U.S. employees as of December 31, 2018. Out of our approximately 1,450 employees, approximately 600 of our employees are located in India. Once we identified our “median employee,” using the methodology described above, we determined that employee’s annual total compensation in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K for purposes of calculating the required pay ratio.

Equity Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information known to us regarding beneficial ownership of our Common Stock and Series A Convertible Participating Perpetual Preferred Stock (the “**Series A Preferred Stock**”) as of April 10, 2019 by:

- each person, or group of affiliated persons, who is known to us to own beneficially more than five percent (5%) of our Common Stock or Series A Preferred Stock;
- each of our named executive officers;
- each of our current directors and directors that served during 2018; and
- all of our current directors and executive officers as a group.

The table below is based upon information supplied by executive officers, directors and principal stockholders and Schedule 13Gs and 13Ds filed with the SEC through April 10, 2019.

As of April 10, 2019, 42,880,993 shares of our Common Stock and 202,256 shares of our Series A Preferred Stock, respectively, were outstanding. As of April 10, 2019, each share of Series A Preferred Stock was convertible into 55.5556 shares of Common Stock, provided, however, if the holder thereof elects to effect a conversion of some or all of their shares of Series A Preferred Stock and the sum, without duplication, of (i) the aggregate number of shares of Common Stock issued to such holder upon such conversion and any shares of Common Stock previously issued to such holders upon conversion of Series A Preferred Stock and then held by such holders, plus (ii) the number of shares of Common Stock underlying shares of Series A Preferred Stock that would be held at such time by such holders (after giving effect to such conversion), would exceed the 19.9% of the issued and outstanding shares of our Common Stock (the “**Conversion Cap**”), then such holders would only be entitled to convert such number of shares as would result in the sum of clauses (i) and (ii) (after giving effect to such conversion) being equal to the Conversion Cap (after giving effect to any such limitation on conversion). The holders of shares of the Series A Preferred Stock shall be entitled to vote with the holders of shares of Common Stock (and any other class or series that may similarly be entitled to vote with the holders of Common Stock) on all matters submitted to a vote or to the consent of the stockholders of the Company (including the election of directors) as one class, subject to the Voting Limitation.

The amounts and percentages of our Common Stock and Series A Preferred Stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. The information does not necessarily indicate beneficial ownership for any other purposes. Under the SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares “voting power,” which includes the power to vote or direct the voting of such security, or “investment power,” which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of securities as to which such person has no economic interest.

Except as otherwise set forth below, the street address of the beneficial owner is c/o Synchronoss Technologies, Inc., 200 Crossing Boulevard, Bridgewater, NJ 08807.

Related Party Transactions

Transactions, arrangements or relationships in which we were, are or will be a participant and the amount involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest are subject to review, approval or ratification by our Board or a committee composed of members of our Board. Our Audit Committee has the principal responsibility for reviewing related person transactions pursuant to written policies and procedures adopted by our Board, subject to specified exceptions and other than those that involve compensation. In conformance with regulations of the SEC, these policies and procedures define related persons to include our executive officers, our directors and nominees to become a director of our Company, any person who is known to us to be the beneficial owner of more than 5% of any class of our voting securities, any immediate family member of, or person sharing the household with, any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner or in which such person has a 5% or greater beneficial ownership interest. In accordance with our policies and procedures, related person transactions shall be consummated or shall continue only if approved or ratified by our Audit Committee or the disinterested members of our Board and only if the terms of the transaction are determined to be in, or not to be inconsistent with, the best interests of our Company and our stockholders. This approval process does not apply to any transaction that is available to all of our employees generally.

Siris Capital Group

In accordance with the terms of that certain Securities Purchase Agreement, dated as of October 17, 2017 (the **“PIPE Purchase Agreement”**), between Synchronoss and Silver Holdings, an affiliate of Siris, on February 15, 2018, Synchronoss issued to Silver Holdings 185,000 shares of Synchronoss’ Series A Convertible Participating Perpetual Preferred Stock (the **“Series A Preferred Stock”**), par value \$0.0001 per share, with an initial liquidation preference of \$1,000 per share, in exchange for \$97.7 million in cash and the transfer from Silver Holdings to Synchronoss of the Existing Siris Shares (the **“Preferred Transaction”**). In connection with the issuance of the Series A Preferred Stock, Synchronoss (i) filed a Certificate of Designation with the State of Delaware setting forth the rights, preferences, privileges, qualifications, restrictions and limitations on the Series A Preferred Stock (the **“Series A Certificate”**) and (ii) entered into an Investor Rights Agreement with Silver Holdings setting forth certain registration, governance and preemptive rights of Silver Holdings with respect to Synchronoss (the **“Investor Rights Agreement”**). Pursuant to the PIPE Purchase Agreement, at the closing, Synchronoss paid to Siris \$5 million as a reimbursement of Silver Holdings’ reasonable costs and expenses incurred in connection with the Preferred Transaction.

Certificate of Designation of the Series A Preferred Stock

The rights, preferences, privileges, qualifications, restrictions and limitations of the shares of Series A Preferred Stock are set forth in the Series A Certificate. Under the Series A Certificate, the holders of the Series A Preferred Stock are entitled to receive, on each share of Series A Preferred Stock on a quarterly basis, an amount equal to the dividend rate of 14.5% divided by four and multiplied by the then-applicable Liquidation Preference (as defined in the Series A Certificate) per share of Series A Preferred Stock (collectively, the **“Preferred Dividends”**). The Preferred Dividends are due on January 1, April 1, July 1 and October 1 of each year (each, a **“Series A Dividend Payment Date”**). Synchronoss may choose to pay the Preferred Dividends in cash or in additional shares of Series A Preferred Stock. In the event Synchronoss does not declare and pay a dividend in-kind or in cash on any Series A Dividend Payment Date, the unpaid amount of the Preferred Dividend will be added to the Liquidation Preference. In addition, the Series A Preferred Stock participates in dividends declared and paid on shares of Common Stock.

Each share of Series A Preferred Stock is convertible, at the option of the holder, into the number of shares of Common Stock equal to the **“Conversion Price”** (as that term is defined in the Series A Certificate) multiplied by the then applicable **“Conversion Rate”** (as that term is defined in the Series A Certificate). Each share of Series A Preferred Stock is initially convertible into 55.5556 shares of Common Stock, representing an initial **“conversion price”** of approximately \$18.00 per share of Common Stock. The Conversion Rate is subject to equitable proportionate adjustment in the event of stock splits, recapitalizations and other events set forth in the Series A Certificate.

On and after the fifth anniversary of February 15, 2018, holders of shares of Series A Preferred Stock have the right to cause Synchronoss to redeem each share of Series A Preferred Stock for cash in an amount equal to the sum of the current liquidation preference and any accrued dividends. Each share of Series A Preferred Stock is also redeemable at the option of the holder upon the occurrence of a **“Fundamental Change”** (as that term is defined in the Series A Certificate) at a specified premium. In addition, the Company is also permitted to redeem all outstanding shares of the Series A Preferred Stock (i) at any time within the first 30 months of the date of issuance for the sum of the then-applicable Liquidation Preference, accrued but unpaid dividends and a make whole amount and

(ii) at any time following the 30-month anniversary of the date of issuance for the sum of the then-applicable Liquidation Preference and the accrued but unpaid dividends.

The holders of a majority of the Series A Preferred Stock, voting separately as a class, are entitled at each annual meeting of the stockholders of the Company or at any special meeting called for the purpose of electing directors (or by written consent signed by the holders of a majority of the then-outstanding shares of Series A Preferred Stock in lieu of such a meeting): (i) to nominate and elect two members of the Board of Directors of Synchronoss for so long as the Preferred Percentage (as defined in the Series A Certificate) is equal to or greater than 10%; and (ii) to nominate and elect one member of the Board of Directors of Synchronoss for so long as the Preferred Percentage is equal to or greater than 5% but less than 10%.

For so long as the holders of shares of Series A Preferred Stock have the right to nominate at least one director, Synchronoss shall be required to obtain the prior approval of Silver Holdings prior to taking certain actions, including: (i) certain dividends, repayments and redemptions; (ii) any amendment to Synchronoss' certificate of incorporation that adversely affects the rights, preferences, privileges or voting powers of the Series A Preferred Stock; (iii) issuances of stock ranking senior or equivalent to shares of Series A Preferred Stock (including additional shares of Series A Preferred Stock) in the priority of payment of dividends or in the distribution of assets upon any liquidation, dissolution or winding up of Synchronoss; (iv) changes in the size of the Board of Directors of Synchronoss; (v) any amendment, alteration, modification or repeal of the charter of the Nominating and Corporate Governance Committee of the Board of Directors and related documents; and (vi) any change in the principal business of Synchronoss or the entry into any line of business outside of its existing lines of businesses. In addition, in the event that Synchronoss is in EBITDA Non-Compliance (as defined in the Series A Certificate) or the undertaking of certain actions would result in Synchronoss exceeding a specified pro forma leverage ratio, then the prior approval of Silver Holdings would be required to incur indebtedness (or alter any debt document) in excess of \$10 million, enter or consummate any transaction where the fair market value exceeds \$5 million individually or \$10 million in the aggregate in a fiscal year or authorize or commit to capital expenditures in excess of \$25 million in a fiscal year.

Each holder of Series A Preferred Stock has one vote per share on any matter on which holders of Series A Preferred Stock are entitled to vote separately as a class, whether at a meeting or by written consent. The holders of Series A Preferred Stock are permitted to take any action or consent to any action with respect to such rights without a meeting by delivering a consent in writing or electronic transmission of the holders of the Series A Preferred Stock entitled to cast not less than the minimum number of votes that would be necessary to authorize, take or consent to such action at a meeting of stockholders. In addition to any vote (or action taken by written consent) of the holders of the shares of Series A Preferred Stock as a separate class provided for in the Series A Certificate or by the General Corporation Law of the State of Delaware, the holders of shares of the Series A Preferred Stock are entitled to vote with the holders of shares of Common Stock (and any other class or series that may similarly be entitled to vote on an as-converted basis with the holders of Common Stock) on all matters submitted to a vote or to the consent of the stockholders of the Company (including the election of directors) as one class.

Under the Series A Certificate, if Silver Holdings and certain of its affiliates have elected to effect a conversion of some or all of their shares of Series A Preferred Stock and if the sum, without duplication, of (i) the aggregate number of shares of Common Stock issued to such holders upon such conversion and any shares of Common Stock previously issued to such holders upon conversion of Series A

Preferred Stock and then held by such holders, plus (ii) the number of shares of Common Stock underlying shares of Series A Preferred Stock that would be held at such time by such holders (after giving effect to such conversion), would exceed the 19.9% of the issued and outstanding shares of Synchronoss' voting stock on an as converted basis (the "**Conversion Cap**"), then such holders would only be entitled to convert such number of shares as would result in the sum of clauses (i) and (ii) (after giving effect to such conversion) being equal to the Conversion Cap (after giving effect to any such limitation on conversion). Any shares of Series A Preferred Stock which a holder has elected to convert but which, by reason of the previous sentence, are not so converted, will be treated as if the holder had not made such election to convert and such shares of Series A Preferred Stock will remain outstanding. Also, under the Series A Certificate, if the sum, without duplication, of (i) the aggregate voting power of the shares previously issued to Silver Holdings and certain of its affiliates held by such holders at the record date, plus (ii) the aggregate voting power of the shares of Series A Preferred Stock held by such holders as of such record date, would exceed 19.99% of the total voting power of Synchronoss' outstanding voting stock at such record date, then, with respect to such shares, Silver Holdings and certain of its affiliates are only entitled to cast a number of votes equal to 19.99% of such total voting power (the "**Voting Limitation**"). The limitation on conversion and voting ceases to apply upon receipt of the requisite approval of holders of Common Stock under the applicable listing standards.

Investor Rights Agreement

Concurrently with the closing of the Preferred Transaction, Synchronoss and Silver Holdings entered into the Investor Rights Agreement. Under the terms of the Investor Rights Agreement, Silver Holdings and Synchronoss have agreed that the Board of Directors of Synchronoss will consist of ten members. So long as the holders of Series A Preferred have the right to nominate a member to the Board of Directors pursuant to the Series A Certificate, the full Board of Directors of Synchronoss will be constituted as follows: (i) two Series A Preferred Directors (as defined in the Investor Rights Agreement); (ii) four directors who meet the independence criteria set forth in the applicable listing standards (each of whom will be initially agreed upon by Synchronoss and Silver Holdings); and (iii) four other directors, two of whom shall satisfy the independence criteria of the applicable listing standards and, as of the closing of the Preferred Transaction, one of whom shall be the individual then serving as chief executive officer of Synchronoss and one of whom shall be the current chairman of the Board of Directors of Synchronoss as of the date of execution of the Investors Rights Agreement. So long as the holders of Series A Preferred have the right to nominate at least one director to the Board of Directors of Synchronoss pursuant to the Series A Certificate, Silver Holdings will have the right to designate two members of the Nominating and Corporate Governance Committee of the Board of Directors. Pursuant to the terms of the Investor Rights Agreement, neither Silver Holdings nor its affiliates may transfer any shares of Series A Preferred Stock subject to certain exceptions (including transfers to affiliates that agree to be bound by the terms of the Investor Rights Agreement).

For so long as Silver Holdings has the right to appoint a director to the Board of Directors of Synchronoss, without the prior approval by a majority of directors voting who are not appointed by the holders of shares of Series A Preferred Stock, neither Silver Holdings nor its affiliates will directly or indirectly purchase or acquire any debt or equity securities of Synchronoss (including equity-linked derivative securities) if such purchase or acquisition would result in Silver Holdings' Standstill Percentage (as defined in the Investors Rights Agreement) being in excess of 30%. However, the foregoing standstill restrictions would not prohibit the receipt of shares of Series A Preferred issued as Preferred Dividends pursuant to the Series A Certificate, shares of Common Stock received upon

conversion of shares of Series A Preferred Stock or receipt of any shares of Series A Preferred Stock, Common Stock or other securities of the Company otherwise paid as dividends or as an increase of the Liquidation Preference (as defined in the Series A Certificate) or distributions thereon. Silver Holdings will also have preemptive rights with respect to issuances of securities of Synchronoss in order to maintain its ownership percentage.

Under the terms of the Investor Rights Agreement, Silver Holdings is entitled to (i) three demand registrations, with no more than two demand registrations in any single calendar year and provided that each demand registration must include at least 10% of the shares of Common Stock held by Silver Holdings, including shares of Common Stock issuable upon conversion of shares of Series A Preferred Stock and (ii) unlimited piggyback registration rights with respect to primary issuances and all other issuances.

The issuance and sale of the Series A Preferred Stock to Silver Holdings pursuant to the PIPE Purchase Agreement was exempt from registration under the Securities Act, pursuant to Section 4(a)(2) of the Securities Act. In the PIPE Purchase Agreement, Silver Holdings represented to Synchronoss that it is an “accredited investor” as defined in Rule 501 of the Securities Act and that the shares of Series A Preferred Stock are being acquired for investment purposes and not with a view to, or for sale in connection with, any distribution thereof, and appropriate legends will be affixed to any certificates evidencing the shares of Series A Preferred Stock or any Common Stock issued upon conversion thereof.

Other than as described above, there were no other transaction or series of similar transactions to which we were or are a party in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, current executive officers, holders of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest, other than compensation arrangements, which are described where required under “Executive Compensation” and “Director Compensation” above.

Sequential Technology International, LLC

Section 16(a) Beneficial Ownership Reporting Compliance

We believe that, during the fiscal year ended December 31, 2018, all of our directors, executive officers subject to Section 16 of the Exchange Act and greater than 10% stockholders complied with all applicable Section 16(a) filing requirements. In making these statements, we have relied upon a review of the copies of Section 16(a) reports furnished to us and the written representations of our directors, NEOs and certain of our greater than 10% stockholders.

Other Matters

Our Board does not intend to bring any other business before the meeting, and so far as is known to the Board, no matters are to be brought before the meeting except as specified in the notice of the meeting. In addition to the scheduled items of business, the meeting may consider stockholder proposals that are timely and comply with the provisions of our amended and restated bylaws (including proposals omitted from the Proxy Statement and form of Proxy pursuant to the proxy rules of the SEC) and matters relating to the conduct of the meeting. As to any other business that may properly come before the meeting, it is intended that proxies will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Board currently consists of eleven directors divided into three classes with staggered three-year terms, except for the two Series A Directors whom are elected annually. Each of James M. McCormick and Donnie M. Moore has informed the Company that he will not stand for re-election at the Annual Meeting in order to devote his full time and efforts to his other commitments. Following the Annual Meeting, the size of our Board is expected to be decreased to ten directors and there will be one Class I director. Your proxy cannot be voted for a greater number of persons than the number of nominees named in this proxy statement. The director nominated for election to our Board this year, his age as of April 10, 2019, the position and office held with us and certain biographical information are set forth below. The director to be elected will hold office until the 2022 Annual Meeting of Stockholders and until his successor is elected, or until his death, resignation or removal. It is our policy to encourage nominees for director to attend the Annual Meeting. All of our directors who were directors as of the date of our 2018 Annual Meeting of Stockholders attended the meeting.

Our directors are elected by a plurality of the votes cast at the Annual Meeting, meaning that the nominee receiving the most “For” votes (among votes properly cast in person or by proxy) will be elected. An instruction to “Withhold” authority to vote for a nominee will result in the nominee receiving fewer votes, but will not count as a vote against the nominee. Abstentions and “broker non-votes” (i.e., shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not instructed to vote on a particular proposal and does not have discretionary voting power) will have no effect on the outcome of the election of a candidate for director. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee named below. If the nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by our current Board, if any. The nominee for election has agreed to serve if elected. We have no reason to believe that he will be unable to serve.

BOARD OF DIRECTOR COMPOSITION

The following table includes the name, age, position, class and term expiration year for each of our directors and is current as of the date of this Proxy Statement. PROPOSAL 2
RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board has appointed Ernst & Young LLP, independent registered public accounting firm, as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019 and has further directed that management submit the appointment of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company’s financial statements since its formation in 2000. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company’s amended and restated by-laws nor other governing documents or law require stockholder ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm. However, the Board is submitting the appointment of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

To ratify the selection by the Audit Committee of Ernst & Young LLP, as the independent registered public accounting firm of the Company for its fiscal year ended December 31, 2019, the Company must receive a “For” vote from the majority of all the outstanding shares that are present in person or represented by proxy and cast either affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted “For” or “Against” the proposal and will have no effect on the proposal. Because this proposal is a non-routine matter, a broker or other nominee may generally vote and therefore no broker non-votes are expected to exist in connection with this proposal.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM’S FEES

The following table represents aggregate fees billed to the Company for fiscal years ended December 31, 2018 and December 31, 2017 by Ernst & Young LLP, the Company’s principal accountant. All services described below for 2017 and 2018 were approved by the Audit Committee.

	Fiscal Year Ended	
	2018	2017
	(In thousands)	
Audit Fees(1)	\$ 3,778	\$ 27,809
Tax Services	\$ 12.5	—
Other	\$ 8.5	\$ 3
Total Fees	\$ 3,799	\$ 27,812

- (1) For professional services rendered for the audits of annual financial statements, including the audit of annual financial statements and internal control over financial reporting for the years ended December 31, 2018 and 2017. The audit fees also include the review of quarterly financial statements included in the Company’s quarterly reports on Form 10-Q, statutory audits of foreign subsidiaries and other regulatory filings or similar engagements. In addition, the 2017 fees included amounts related to the Company’s restatement of its 2015 and 2016 annual financial statements.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee's policy, subject to certain permitted exceptions for certain de minimis services, is to pre-approve all audit and permissible non-audit services rendered by Ernst & Young LLP, our independent registered public accounting firm. The Audit Committee can pre-approve specified services in defined categories of audit services, audit-related services and tax services up to specified amounts, as part of the Audit Committee's approval of the scope of the engagement of Ernst & Young LLP or on an individual case-by-case basis before Ernst & Young LLP is engaged to provide a service. The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the principal accountant's independence. The independent registered public accounting firm and management are required to meet with the audit committee to review and discuss our annual and quarterly financial statements and related disclosures, as well as our critical accounting policies and practices. Additionally, the audit committee is responsible for reviewing the audit plan with the independent registered public accounting firm and members of management responsible for preparing our consolidated financial statements. All of the services of Ernst & Young LLP for 2017 and 2018 described above were pre-approved by the audit committee.

THE BOARD RECOMMENDS A VOTE "FOR" PROPOSAL 2

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, as amended, we are requesting our stockholders to vote, on an advisory basis, on the compensation of our NEOs as described in the “Compensation of Executive Officers” section of this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on the compensation of our NEOs.

Compensation Program and Philosophy

Our executive compensation philosophy and programs are designed to attract, retain and motivate high-quality executives who possess the diverse skills and talents required to help us achieve our short and long-term financial and strategic goals. We believe that our executive compensation programs foster a performance-oriented culture that aligns our executives’ interests with those of our stockholders over the long term. We believe that the compensation of our executives is both appropriate for and responsive to the goal of improving stockholder value. Specifically, we tie a significant portion of executive compensation to stockholder return in the form of at-risk or variable realizable compensation. The approval, on an advisory basis, of the compensation of the Company’s NEOs as requires a “For” vote from the majority of all of the outstanding shares that are present in person or represented by proxy and cast affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted “For” or “Against” this proposal and will have no effect on this proposal.

Compensation Discussion and Analysis

Stockholders are urged to read the “Compensation Discussion and Analysis” section of this Proxy Statement and the tables and narrative discussion that follow for detail about our executive compensation programs, including information about the fiscal year 2018 compensation of our NEOs.

Recommendation

For the above reasons, we are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this Proxy Statement by voting in favor of the following resolution:

RESOLVED: That the stockholders approve, on an advisory non-binding basis, the compensation of the Company’s named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, related compensation tables, and the accompanying narrative disclosure set forth in the Proxy Statement relating to the Company’s 2019 Annual Meeting of Stockholders.

Even though this say-on-pay vote is advisory and therefore will not be binding, our Compensation Committee and our Board value the opinions of our stockholders. Accordingly, we expect to take into account the outcome of the vote when considering future executive compensation decisions.

THE BOARD RECOMMENDS A VOTE “FOR” PROPOSAL 3

PROPOSAL 4
APPROVAL OF AMENDMENT AND RESTATEMENT OF
THE SYNCHRONOSS TECHNOLOGIES, INC. 2015 EQUITY INCENTIVE PLAN

Our Board of Directors unanimously recommends that stockholders approve the amendment and restatement of the Company's 2015 Equity Incentive Plan (the "**Existing Plan**") to, among other things, increase the maximum total number of shares of our Common Stock we may issue under the Existing Plan by 5,000,000 shares (the "**Amendment**"). Our Compensation Committee approved the amendment, subject to approval of the board of directors and the stockholders, and the board of directors approved the amendment, subject to approval of the stockholders. If our stockholders do not approve the amendment, the existing version of the Existing Plan will remain in effect and unchanged.

The Amendment provides for (i) an increase of 5,000,000 shares of common stock available for issuance under the Existing Plan, (ii) with respect to 95% of the shares available for issuance under the Existing Plan as of April 4, 2019, options and stock appreciation rights, as applicable, will not be exercisable until the applicable service provider completes at least one year of service following the grant of the award, except that an award agreement may provide for accelerated exercisability in the event of the grantee's death or disability, (iii) restricted shares and stock units, as applicable, will not vest prior to the applicable service provider completes at least one year of service following the grant of the award, except that an award agreement may provide for accelerated exercisability in the event of the grantee's death, disability, retirement or involuntary termination, (iv) dividends on restricted shares and stock units, shall be subject to the same restrictions on transferability, vesting conditions and forfeitability as the underlying awards, and (v) provide the administrator of the Existing Plan with discretion to provide a holder's involuntary termination immediately prior to or following for the acceleration of vesting upon a holder's involuntary termination immediately prior to or following a change in control of the Company.

Background and Reason for the Proposal

We have approximately 1,450 employees and anticipate continued growth through 2019 and in the future. Equity awards are used as compensation vehicles by most, if not all, of the companies with which we compete for talent, and we believe that providing equity awards is critical to attract and retain key contributors. Accordingly, our Board has approved the Amendment to, among other things, an increase to the share reserve under the Existing Plan to ensure a sufficient number of shares will be available for recruiting and retention purposes. Should stockholder approval of this Proposal 4 not be obtained, no additional shares will be added to the share reserve under the Existing Plan. However, we will retain the ability to issue the shares of our Common Stock which were previously approved by stockholders for issuance under the Existing Plan.

The effect of the proposed share increase would be as follows:

Description of Amended and Restated 2015 Equity Incentive Plan

The principal terms and provisions of the 2015 Equity Incentive Plan, as amended and restated by the Amendment (together, the “**2015 Plan**”), including the proposed amendment, are summarized below. This summary is qualified in its entirety by reference to the complete text of the Existing Plan. Stockholders are encouraged to read the actual text of the 2015 Plan, which is appended to this proxy statement as filed with the SEC as Appendix A and may be accessed from the SEC’s website at www.sec.gov.

Securities Subject to 2015 Plan.

The number of shares of our Common Stock that may be issued pursuant to incentive stock options granted under the 2015 Plan shall not exceed 10,000,000. Stock options and stock appreciation rights (“SARs”) granted under the 2015 Plan will reduce the 2015 Plan share reserve by one share for every share granted, and stock awards other than options and SARs granted under the 2015 Plan will reduce the 2015 Plan share reserve by 1.5 shares for every share granted.

To the extent that Options, SARs or stock units are forfeited or expire for any other reason before being exercised or settled in full, the shares of our Common Stock subject to such awards shall again become available for issuance under the 2015 Plan. If shares of our Common Stock issued upon the exercise of Options are reacquired by us pursuant to a forfeiture provision or repurchase right at no greater than their original exercise or purchase price (if any), then such Common Shares shall again become available for issuance under the 2015 Plan. Further, to the extent that an award is settled in cash rather than Common Shares, the cash settlement shall not reduce the number of Shares available for issuance under the 2015 Plan. Any Common Shares that again become available for issuance under the 2015 Plan shall be added back as (i) one share if such shares were subject to Options or SARs granted under

the 2015 Plan and (ii) 1.35 shares if such shares were subject to awards other than an Option or SAR granted under the 2015 Plan.

Notwithstanding the foregoing, the following Common Shares shall not again become available for issuance under the 2015 Plan: (i) Common Shares subject to an award not delivered to a participant because the award is exercised through a reduction of shares (i.e., “net exercised”), (ii) if a SAR is settled in Common Shares, the number of shares subject to the SAR that are not delivered upon such settlement, (iii) Common Shares subject to an Award withheld to satisfy tax withholding obligations related to the Award or applied to pay the exercise price of an Option or SAR; (iv) Common Shares tendered (either through actual delivery or attestation) to pay the exercise price of an Option or SAR; or (v) Common Shares reacquired by us on the open market or otherwise using cash proceeds from the exercise of an option.

Types of Awards

The 2015 Plan provides for the grant of incentive stock options, nonstatutory stock options, restricted stock awards, stock unit awards and SARs (collectively, “stock awards”) and performance cash awards.

Limitations

No one person participating in the 2015 Plan may be granted during any one fiscal year of the Company options, SARs or restricted stock or stock unit awards covering more than 2,000,000 shares of our Common Stock in the aggregate. However, we may grant to a new employee awards covering a maximum of 3,000,000 shares in the fiscal year in which his or her service as an employee first begins. Further, no one person participating in the 2015 Plan may be paid during any one fiscal year of the Company more than \$2,500,000 in cash pursuant to performance cash awards. In addition, no non-employee director may be granted during any one fiscal year of the Company awards covering more than 150,000 shares of our Common Stock in the aggregate.

The 2015 Plan specifies that no individual may be granted more than 2,000,000 RSUs subject to performance-based vesting during any fiscal year of the Company. The 2015 Plan also provides that no one person may be granted more than 2,000,000 restricted shares subject to performance-based vesting during any fiscal year of the Company. However, these limits are increased, so that we may grant to a new employee 3,000,000 RSUs and/or 3,000,000 restricted shares subject to performance-based vesting in the fiscal year of the Company in which his or her service as an employee first begins. In addition, the maximum amount that may be paid to any individual pursuant to performance cash awards for each fiscal year in a performance period shall not exceed \$2,500,000.

Administration. Our Compensation Committee, which is comprised of three outside members of our Board, will administer the 2015 Plan. The 2015 Plan may also be administered with respect to optionees and recipients of restricted stock who are not executive officers subject to the short-swing liability rules of the federal securities laws by our Board or a secondary committee comprised of one or more members of our Board of Directors. Our Compensation Committee (or our Board or secondary committee to the extent acting as plan administrator) has full authority (subject to the express provisions of the 2015 Plan) to determine the eligible individuals who are to receive awards under the 2015 Plan, the number of shares to be covered by each granted award, the date or dates on which an option or SAR is to become exercisable or other award is to vest, the maximum term for which an award is to remain outstanding, whether a granted option will be an incentive stock option that satisfies the requirements of Section 422 of the Code or a non-statutory option not intended to meet such requirements, and the other provisions of each award. Our Compensation Committee also has the discretionary authority to provide for accelerated vesting in connection with death, disability, retirement, involuntary termination, or in connection with a grantee's involuntary termination prior to or following a change in control of the Company. Our Compensation Committee has established a Key Employee Equity Awards Committee, with our Chief Executive Officer as its sole member, whose purpose is to approve stock option and restricted stock grants to our newly hired employees subject to guidelines previously approved by our Compensation Committee.

Eligibility. Employees (including officers), directors and consultants who render services to us or our subsidiary corporations (whether now existing or subsequently established) are eligible to receive awards under the 2015 Plan. However, only non-employee directors are eligible to participate in the Annual Director Grant Program (see "Annual Director Grant Program" below). As of April 22, 2019, approximately 1,450 persons (including ten executive officers and five non-employee directors) were eligible to participate in the 2015 Plan.

No Repricings Other than in connection with certain corporate transactions, including stock splits, stock dividends, mergers, spin-offs and certain other similar transactions, unless stockholder approval is obtained, neither the 2015 Plan administrator nor any other person may decrease the exercise price for any outstanding option or SAR after the date of grant nor cancel or allow an optionee to surrender an outstanding option or SAR to the Company as consideration for the grant of a new option or SAR with a lower exercise price or the grant of another type of award under this Plan (including a cash award), the effect of which is to reduce the exercise price of any outstanding option or SAR or take any other action with respect to an option or SAR that would be treated as a repricing under the rules and regulations of Nasdaq.

Summary of Types of Awards

Option Grants

A stock option gives the optionee a right to purchase shares of our Common Stock at an exercise price that is determined at the time an option is granted. Stock options are granted pursuant to stock option agreements adopted by the plan administrator who determines the terms and conditions of options granted under the 2015 Plan, including whether they are incentive stock options (“**ISOs**”) or nonstatutory stock options (“**NSOs**”).

Exercise Price. The plan administrator determines the exercise price of options granted under the 2015 Plan, which may not be less than one hundred percent (100%) of the fair market value of our Common Stock on the date the option is granted except in the case of replacement options granted to service providers of entities that are acquired by us. The exercise price of options granted under the 2015 Plan may be paid in cash or, with the plan administrator’s consent, in shares of our Common Stock or by withholding shares otherwise issuable upon the exercise of the option. Stock options may also be exercised through a same-day sale program, pursuant to which a designated brokerage firm is to effect the immediate sale of the shares purchased under the option and pay over to the Company, out of the sale proceeds on the settlement date, sufficient funds to cover the exercise price for the purchased shares plus all applicable withholding taxes. The plan administrator may also assist any optionee in the exercise of his or her outstanding options by authorizing a Company loan to the optionee, however, under current law, loans to an executive officer or director would generally not be permitted. The plan administrator may also permit payment of the exercise price and any withholding taxes in any other form consistent with applicable laws, regulations and rules.

Vesting and Exercisability. Options vest and become exercisable at the rate specified by the plan administrator provided that with respect to 95% of the shares available for issuance under the 2015 Plan on April 4, 2019, the stock option shall not become exercisable prior to the optionee completing at least one year of service following the grant of such stock option, except the award agreement may provide for accelerated vesting in the event of the optionee’s death or disability.

Option Term and Termination of Service. The plan administrator determines the term of stock options granted under the 2015 Plan, up to a maximum of seven years. Any option held by the optionee at the time of cessation of service will not remain exercisable beyond the designated post-service exercise period, which generally is three months from the termination date. Under no circumstances, however, may any option be exercised after the specified expiration date of the option term. Each such option will normally, during such limited period, be exercisable only to the extent of the number of shares of Common Stock in which the optionee is vested at the time of cessation of service. The plan administrator has complete discretion to extend the period following the optionee’s cessation of

service during which his or her outstanding options may be exercised and/or to accelerate the exercisability of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's actual cessation of service.

Tax Limitations on Incentive Stock Options. Incentive stock options may only be granted to individuals who are employees of the Company or its parent or subsidiary corporations. During any calendar year, the aggregate fair market value (determined as of the grant date(s)) of the Common Stock for which one or more options granted to any employee under the 2015 Plan (or any other equity plan of the Company or its parent or subsidiary corporations) may for the first time become exercisable as incentive stock options under Section 422 of the Code shall not exceed \$100,000. In the case of an incentive stock option granted to a person who, at the time of grant, owns or is deemed to own stock possessing more than 10% of our combined voting power or that of any of our affiliates: (a) the exercise price must be at least 110% of the fair market value of the stock subject to the option on the grant date and (b) the term of the option must not exceed five years from the option grant date.

Stock Appreciation Rights. A SAR allows a recipient to benefit from increases in the value of our Common Stock, but does not provide any ownership interest in our Common Stock. SARs are granted pursuant to stock appreciation right agreements adopted by the plan administrator and may be granted in tandem with, or independent of, option grants under the 2015 Plan. The plan administrator determines the term of SARs granted under the 2015 Plan, up to a maximum of seven years. The plan administrator also determines the exercise price of each SAR, which cannot be less than the fair market value of our Common Stock on the date the SAR is granted except in the case of replacement SARs granted to service providers of entities that are acquired by us. Upon exercise of an independent SAR, we will pay the participant an amount equal to the product of (a) the excess of the per share fair market value of our Common Stock on the date of exercise over the exercise price, multiplied by (b) the number of shares of our Common Stock with respect to which the SAR is exercised. This amount may be paid in cash, shares of our Common Stock, or any combination thereof; provided that with respect to 95% of the shares available for issuance under the 2015 Plan on April 4, 2019, the SAR shall not become exercisable prior to the recipient completing at least one year of service following the grant of such SAR, except the SAR agreement may provide for accelerated vesting in the event of the optionee's death or disability. Tandem SARs provide the holders with the right to surrender their options for an appreciation distribution from the Company equal in amount to the excess of (a) the fair market value of the vested shares of Common Stock subject to the surrendered option on the date of exercise over (b) the aggregate exercise price payable for such shares. An appreciation distribution may, at the discretion of the Committee, be made in cash, in shares of Common Stock, or any combination thereof. Each SAR may or may not be subject to vesting tied to length of service or attainment of performance goals. If a participant's service terminates for any reason, then the participant or the participant's beneficiary may exercise any vested SARs during the post-termination exercise period specified by the plan administrator (but in no event after expiration of the SAR's term).

Restricted Stock Awards. Restricted stock awards are granted pursuant to restricted stock agreements adopted by the plan administrator which include provisions regarding the number of shares the participant may be issued, the purchase price, if any, and the restrictions to which the shares will be subject. Awards of restricted stock may be granted in consideration for (a) cash, (b) property, (c) past or future services rendered to us or our affiliates, (d) full-recourse promissory notes or (e) any other form of legal consideration approved by the plan administrator. The issued shares may be subject to a vesting schedule tied to length of service or attainment of performance goals; provided that, the restricted shares will not vest prior to the holder completing at least one year

of service following the grant of such award, except the restricted stock agreement may provide for accelerated vesting in the event of the holder's death or disability. Any dividends on restricted shares will be subject to the same vesting conditions as applicable to the restricted shares and will be accumulated and paid when the restricted shares vest. Upon termination of the participant's service, the shares issued pursuant to a restricted stock award may be subject to forfeiture to, or repurchase by, the Company.

Restricted Stock Unit Awards. Restricted stock unit awards represent the right to receive the value of shares of our Common Stock at a specified date in the future. RSUs are granted pursuant to RSU agreements approved by the plan administrator. Upon settlement, the shares, their cash equivalent, or any combination thereof are delivered to the recipient. No cash consideration is required in connection with an RSU. Each award of RSUs may be subject to vesting tied to length of service or attainment of performance goals and may be settled immediately upon vesting or on a deferred basis; provided that the stock units will not vest prior to the holder completing at least one year of service following the grant of such stock unit, except the RSU agreement may provide for accelerated vesting in the event of the holder's death or disability. Dividend equivalents may be credited in respect of shares covered by an RSU, however, any dividend equivalents on RSUs will be subject to the same vesting conditions as applicable to the RSUs and will be accumulated and paid when the RSUs vest. Except as otherwise provided in the applicable stock unit agreement, unvested RSUs are forfeited upon termination of the recipient's service for any reason.

Performance Cash Awards. A performance cash award is a cash award that may be granted upon the attainment of performance goals for a specified period of one or more fiscal years. The plan administrator determines the performance goals and other terms and conditions of performance cash awards.

General Provisions

Change in Control. Upon the occurrence of a Change in Control, all Common Shares acquired under the 2015 Plan and all awards outstanding on the effective date of the Change in Control shall be treated in the manner described in the definitive transaction agreement (or, in the event the transaction does not entail a definitive agreement to which we are party, in the manner determined by the plan administrator). Such transaction agreement or determination need not treat all awards (or portions thereof) in an identical manner. Unless an award agreement provides otherwise, the treatment specified shall include one or more of the following with respect to each outstanding award:

- The continuation of, assumption of, or substitution for each outstanding award by the continuing or succeeding entity;
- If the continuing or succeeding entity does not assume or substitute equivalent awards, then full exercisability of each outstanding award, option and SAR and full vesting of the Common Shares subject to each such award, followed by their cancellation. Such full exercisability and vesting, and any exercise of an award during such period, may be contingent on the closing of the transaction;
- The cancellation of each such award and a payment to the participant with respect to each share subject to the award equal to the excess of (x) the value, as determined by the plan administrator in its absolute discretion, of the property (including cash) received by the holder of a Common Share as a result of the transaction, over (if applicable) (y) the per-share exercise price of such award. Such payment may be made in installments and may be deferred until the date or dates when such award

would have become exercisable or the Common Shares subject to such award would have vested. Such payment may be subject to vesting based on the participant's continuing service, provided that the vesting schedule shall not be less favorable than the schedule that applied prior to the transaction. Such payment may be made in the form of cash, cash equivalents, or securities of the surviving entity or its parent. In addition, any escrow, holdback, earn-out or similar provisions in the transaction agreement generally may apply to such payment to the same extent and in the same manner as such provisions apply to the holders of Common Shares.

- The assignment of any reacquisition or repurchase rights held by us in respect of an award of restricted shares to the surviving entity or its parent, with corresponding proportionate adjustments made to the price per share to be paid upon exercise of any such rights.

Our Compensation Committee also has the discretion to provide in the award agreement that an award under the 2015 Plan will immediately vest as to all or any portion of the shares subject to the award whether or not upon a Change in Control in the event of an involuntary termination prior to or following the Change in Control.

A Change in Control will be deemed to occur for purposes of the 2015 Plan in the event of (a) a merger or consolidation of the Company into another entity, provided that persons who were not stockholders prior to the transaction own 50% or more of the voting power of the successor entity thereafter; (b) a sale of all or substantially all of the Company's assets; and (c) transactions in which certain persons acquire at least 50% of our total voting power.

Valuation. For purposes of establishing the option price and for all other valuation purposes under the 2015 Plan, the fair market value of a share of Common Stock on any relevant date will be the closing price per share of Common Stock on that date, as such price is reported on Nasdaq. The market value of the Common Stock as of April 10, 2019 was \$5.63 per share which was the closing sales price as reported on Nasdaq on such date.

Changes in Capital Structure. In the event there is a specific change in our capital structure, such as a stock split, appropriate adjustments will be made to (a) the number of shares reserved under the 2015 Plan, including the limit on ISOs and the maximum number of shares that could be added to the 2015 Plan from the Predecessor Plan, (b) the maximum number of options, SARs, performance-based restricted shares, performance-based RSUs that can be granted to any participant in a fiscal year (including awards granted to our non-employee directors), and maximum cash amount paid under a performance cash award to any participant in a fiscal year, and (c) the number of shares and exercise prices, if applicable, of all outstanding stock awards.

Nontransferability of Awards. Awards granted under the 2015 Plan will not be transferable by the participant, other than by beneficiary designation, will or the laws of descent and distribution. Awards will be exercisable during the participant's lifetime only by the participant or the participant's guardian or legal representative. However, the plan administrator may permit the transfer of awards other than ISOs to certain family members of participants. In no event may an Award be transferred to anyone for any consideration including for cash or other securities.

Plan Amendments and Termination. The 2015 Plan will continue in effect until it is terminated by our Board of Directors or Compensation Committee of our Board of Directors, however no ISOs will be granted after the 10th anniversary of the date the Board of Directors approved the 2015 Plan (or, if

later, the date the Board of Directors approves an increase in the number of shares reserved under the 2015 Plan). Our Board of Directors or Compensation Committee may amend or modify the 2015 Plan in any and all respects whatsoever. The approval of our stockholders will be obtained to the extent required by applicable law, except that stockholder approval must be obtained to amend the prohibition on decreasing the exercise price for any outstanding option or SAR. Our Board of Directors or Compensation Committee may, at any time and for any reason, terminate the 2015 Plan. Any options or awards outstanding at the time of such termination will remain in force in accordance with the provisions of the instruments evidencing such grants.

FEDERAL INCOME TAX CONSEQUENCES OF AWARDS GRANTED UNDER THE 2015 PLAN

The following is a general summary as of the date of this proxy statement of the U.S. Federal income tax consequences to participants and the Company with respect to stock awards granted under the 2015 Plan. This summary does not address state, local or foreign tax treatment, which may vary from the U.S. Federal income tax treatment. In any event, each participant should consult his or her own tax advisor as to the tax consequences of particular transactions under the 2015 Plan.

Incentive Stock Options. No taxable income is recognized by an optionee upon the grant of an ISO, and no taxable income is recognized at the time an ISO is exercised unless the optionee is subject to the alternative minimum tax. The excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares is includable in alternative minimum taxable income.

If the optionee holds the purchased shares for more than one year after the date the ISO was exercised and more than two years after the ISO was granted (the “required ISO holding periods”), then the optionee will generally recognize long-term capital gain or loss upon disposition of such shares. The gain or loss will equal the difference between the amount realized upon the disposition of the shares and the exercise price paid for such shares. If the optionee disposes of the purchased shares before satisfying either of the required ISO holding periods, then the optionee will recognize ordinary income equal to the fair market value of the shares on the date the ISO was exercised over the exercise price paid for the shares (or, if less, the amount realized on a sale of such shares). Any additional gain will be a capital gain and will be treated as short-term or long-term capital gain or loss depending on how long the shares were held by the optionee.

Nonstatutory Stock Options. No taxable income is recognized by an optionee upon the grant of an NSO. The optionee will generally recognize ordinary income in the year in which the option is exercised equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares. If the optionee is an employee or former employee, the optionee will be required to satisfy the tax withholding requirements applicable to such income. Upon resale of the purchased shares, any subsequent appreciation or depreciation in the value of the shares will be treated as short-term or long-term capital gain depending on how long the shares were held by the optionee.

Stock Appreciation Rights. In general, no taxable income results upon the grant of a SAR. A participant will generally recognize ordinary income in the year of exercise equal to the value of the shares or other consideration received. In the case of a current or former employee, this amount is subject to withholding.

Restricted Stock Awards. A participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award. Instead, the participant recognizes ordinary income when the shares vest, subject to withholding if the participant is an employee or former employee. The amount of taxable income is equal to the fair market value of the shares on the vesting date(s) less the cash, if any, paid for the shares. A participant may make a one-time election to recognize income at the time the participant receives restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the shares) on the date of the award by making an election under Section 83(b) of the Code.

Restricted Stock Unit Awards. In general, no taxable income results upon the grant of an RSU. The recipient will generally recognize ordinary income (subject to withholding if the recipient is an employee or former employee) equal to the fair market value of the shares that are delivered to the recipient upon settlement of the RSU.

Section 409A. The foregoing description assumes that Section 409A of the Code does not apply to an award. In general, options and stock appreciation rights are exempt from Section 409A if the exercise price per share is at least equal to the fair market value per share of our Common Stock at the time the option or stock appreciation right was granted. RSUs are subject to Section 409A unless they are settled within two and one half months after the end of the later of (i) the end of our fiscal year in which vesting occurs or (ii) the end of the calendar year in which vesting occurs. Restricted stock awards are not generally subject to Section 409A. If an award is subject to Section 409A and the provisions for the exercise or settlement of that award do not comply with Section 409A, then the participant would be required to recognize ordinary income whenever a portion of the award vested (regardless of whether it had been exercised or settled). This amount would also be subject to a 20% U.S. federal tax in addition to the U.S. federal income tax at the participant's usual marginal rate for ordinary income.

Tax Treatment of the Company. The Company will generally be entitled to an income tax deduction at the time and to the extent a participant recognizes ordinary income as a result of an award granted under the 2015 Plan. However, Section 162(m) of the Code may limit the deductibility of certain awards granted under the 2015 Plan.

New Plan Benefits and Option Grant Table

No awards will be made under the 2015 Plan until after the date of our Annual Meeting. Because the 2015 Plan is discretionary, benefits to be received by individual participants are not determinable other than as set forth below. However, pursuant to our current non-employee director compensation program established by our Board of Directors, each non-employee member of our Board of Directors is entitled to receive an initial and annual equity grant as discussed above under the heading "Director Compensation". The table below shows, as to each of the current executive officers named in the Summary Compensation Table and the various indicated groups (a) the number of shares of Common Stock for which options have been granted for (i) the one (1)-year period ended December 31, 2018
